## Starts Water Action

**Ordinance Is Read For First Time Which Will Clear Way for Purchase**

By D. Kelly Scruton  
The City Council at its regular meeting Monday night cleared the way for the city to purchase the Sedalia Water Co. by introducing necessary legislation. The Council also gave final passage to an ordinance repealing 49 obsolete ordinances which were passed during the period of 1894 through 1907.

Under new business of the Council proceedings, Mayor Julian H. Bagby announced there were some technicalities regarding the purchasing of the Sedalia Water Co. which must be taken care of immediately.

Mayor Bagby read a prepared statement with reference to the problems. He said, "During the past week I have communicated with a number of municipal bond houses specializing in revenue bonds, to ascertain whether or not they could make a bid to the city for the water revenue bonds to bear interest at a rate equal to or under 3 1/2 per cent. At this time I would like for the clerk to read the replies that were received from these houses."

City Clerk W. C. Ream then read the replies from six bonding houses in which all declined to make bids on the \$2,700,000 bonds at 3 1/2 per cent or less. After the report was given by Ream, the mayor made the following statement.

"Inasmuch as none of the said bond houses indicated any interest in the bonds bearing such a low rate as 3 1/2 per cent, I will now entertain a motion rescinding the action of the Council at the regular meeting of Feb. 18, 1957, authorizing and directing the city clerk to advertise for bids for the sale of \$2,700,000 in water revenue bonds, such bids to have been presented

## Friday Deadline For Any Change In Corn Program

Farmers who want to change or cancel their previously signed 1957 Acreage Reserve agreements for corn must do so not later than March 8, 1957, according to C. A. Staples, chairman of the Pettis County Agricultural Stabilization and Conservation Committee.

March 8, 1957, is the final date for signing Acreage Reserve agreements for 1957 for corn. The regulations under which the Acreage Reserve program operates permit the changing or cancellation of agreements only through the sign-up period.

In general, after March 8, 1957, the only agreement changes permitted will be those necessary to correct errors or to designate a different acreage when the originally designated land does not meet the program requirements.

Many farmers have indicated on their agreements that they wish to put a larger acreage than the initial farm limit in the Acreage Reserve. These farmers will be sent a written notice after the close of the sign-up period, March 8, 1957, if it is possible to accept the extra acreages.

Located in Pettis, Johnson Counties

## Improving Two State Routes

Contracts for improving sections of two state supplementary routes in Johnson and Pettis Counties now have been awarded by the State Highway Commission under bids received Feb. 15. The improvements are on Route FF, which serves both Johnson and Pettis Counties, and on Route BB, in Johnson County. The total cost of the work will be about \$146,402.

The Route BB work, all of which is in Johnson County, calls for building approximately 9.2 miles of grading, bridging and gravel or crushed stone from Route 13, about 1 1/2 miles south of Warrensburg, westerly and southwesterly to Route F, about 5 1/2 miles north of Chilhowee. This contract was awarded to Arthur E. Quinn, contractor, of Salisbury, and will cost about \$90,450.

The Route FF project is for 7.3

**FOUR WERE INJURED**—The 1955 Pontiac hardtop, in the top picture, in which three airmen were riding when it struck a 1947 Chevrolet Sedan, bottom picture, as the driver of that car started to make a left turn into the Knob Noster Lumber Co., on U. S. Highway 50, just east of Knob Noster, late Monday afternoon. The airmen were enroute to the Whiteman Air Force Base. (Democrat-Capital photos).

## Two Seriously Hurt

## Two-Car Hiway Crash Injures 4 Near Knob

Four persons were injured, two seriously, in a two-car collision on U. S. Highway 50 just east of Knob Noster about 5:10 p. m. Monday. The accident occurred in front of the Knob Noster Lumber Co.

Three of the injured were Negroes from the Whiteman Air Force Base, riding in one car, and the other was Earl Raymond Hix, 39, of Windsor, Mo., a former Sedalian.

Hix was rushed to the Windsor hospital in the Parker-Moore ambulance, where he was reported suffering a fractured pelvis, fractured right leg, possible fracture of several ribs, and multiple lacerations about his head, face and legs. X-rays revealed both the pelvis and leg fractures were splintered. His condition was reported serious.

Hix was transferred from the Windsor Hospital to the Veterans Administration Hospital in Kansas City, Tuesday morning. Hix is a World War II veteran.

A/2c Forrest Billy Jones, 25, driver of the other car, suffered painful lacerations of his head, abrasion of the left leg, an a painful injury to the right hand and possible fracture of the hand.

A/3c Curtis M. Chambers, 21, a passenger in the car suffered multiple lacerations about his head, face, hands and arms, and bruises. He was also in shock. His condition was reported as serious at the Whiteman AFB hospital.

A/2c James C. Lawson, 19, suffered a laceration of the chin, abrasions, and bruises. His condition was not believed serious.

The three airmen were rushed to the base hospital in the Saults-Brauninger ambulance and an ambulance from the base hospital.

Hix was driving a 1947 Chevrolet sedan and headed east on the highway. He started to make a left turn into the drive of the Lumber Co., when the 1955 Pontiac hardtop driven by Jones came up over a rise in the road and crashed into the right front portion of the Chevrolet.

The Chevrolet spun around and knocked 94 feet west from the im-

pect, striking on its route some brick steps leading up an embankment and a concrete wall support along side the step. The Pontiac swerved around and stopped headed in a southeastern direction on the right shoulder. The Chevrolet came to a stop off the highway along the shoulder.

Both cars were demolished and were towed away by the Smiley D-X Service Station wrecker.

The accident was investigated by Sgt. E. W. Van Winkle, Trooper Richard Stockell, of Sedalia, and Trooper Lyle Krumme, Warrensburg.

## Rebels Demand Self Government In Indonesia

JAKARTA, Indonesia (AP)—East Indonesia's rebel command demanded today that the entire republic be placed under military rule with immediate self-government for the revolt areas.

The ultimatum, presented to President Sukarno, demanded removal of Prime Minister Ali Sastroamidjojo and his Cabinet. It also warned that the rebels would not tolerate any Communists in the government.

Lt. Col. Ventje Sumual, leader of the revolt in the eastern islands, said the rebels would take matters into their own hands if Sukarno did not heed their demands.

Informed sources said the ultimatum was "very serious" since the rebel leaders are not extremists. They warned there might be bloodshed if Sukarno persists in his plan for a "guided democracy" in which Communists would be included, in place of Western-style parliamentary government.

The ultimatum demanded that all officers arrested in the revolt last December on Sumatra, Indonesia's big northwest island, be released at once.

## To Start Troop Removal

**Announcement Made As Demonstrators Stage Protest Rally Against Withdrawal**

JERUSALEM (AP)—Israeli troops probably will start withdrawing tomorrow from the Gaza Strip and the Aqaba Gulf coast, informed sources said tonight.

The word came out as several thousand rightist demonstrators staged a rally in the Israeli sector of this holy city to protest the withdrawals and demand the resignation of Premier David Ben-Gurion.

The Premier was apparently weathering the political revolt against his personal decision to order the troops out of the last of the territories they wrested from Egypt last fall. He worked long on a report to Parliament.

The entire police force of the Israeli sector of Jerusalem, officers from surrounding communities and contingents of frontier police were ordered out to handle the demonstrations, organized by the nationalist Herut party.

Four hundred helmeted riot police guarded Zion Square and other strategic spots. Barbed wire barricades were set up at the main thoroughfares in front of the Parliament building to bar the marchers. Municipal authorities put up special first aid stations.

Demonstrators gathered early at Zion Square, in the heart of the city. They carried the national blue and white flag on poles draped with black strips of mourning cloth. Placards accused Ben-Gurion of surrender and demanded his resignation.

"Yesterday El 'Arish," said one, referring to a Sinai base evacuated by the Israelis Jan. 15. "Today Gaza. Tomorrow Jerusalem."

"The surrender was not from Washington," another said. "It came from Ben-Gurion."

"The nation stands fast, but the government gives way," said Ben-Gurion's place is not at the helm of the state. It is in Side Boker.

Sde Boker is the Negev Desert settlement where Ben-Gurion spent two years between his terms in the premiership.

Extra guards were stationed at foreign consulates. Though the informed sources said the troop pullout would start tomorrow, the hour was kept secret. An official spokesman said publicizing the hour in advance might provoke a riot among the Arabs of the Gaza Strip.

## Dave Beck Faces More Pressure For His Return

WASHINGTON (AP)—President Dave Beck of the Teamsters Union faced additional pressure today to speed his return to this country for questioning by senators probing labor-management racketeering.

Secretary of Labor Mitchell yesterday canceled plans to name Beck as a U.S. delegate to a world labor conference which he said Beck had given "as one reason, among others" for remaining overseas.

Beck had been in line to represent the United States at a transportation conference of the International Labor Organization to open in Hamburg, Germany, next Monday. Beck, on his third trip to Europe in three months, had said he could return here by March 26.

## Policemen Disagree On Wives' Auxiliary

PONTIAC, Mich. (AP)—Wary Pontiac policemen are still deadlocked over whether to get up an auxiliary group for their wives. The third election on the issue yesterday wound up a 41-41 tie among members of the Pontiac Police Officers Assn. The first vote also was a standoff. In a follow-up election, embarrassed police discovered an extra ballot in the box.

President Herbert Cooley said he'll try to reach eight members who failed to vote and get their views.

## Blair Asks Emergency Fair Money

**Says It Is Needed To Repair Damaged Commercial Sites**

JEFFERSON CITY (MPA)—Gov. James T. Blair today asked the Missouri General Assembly for a \$35,000 emergency appropriation for repairing the drought-cracked foundation and walls of the Commercial Building at the State Fair.

The governor's letter to the House and Senate this morning said the money is needed to repair damages caused by the settling of the foundation. The governor said the result had done serious damage to the walls which will have to be torn out and relayed before the 1957 fair. Blair noted that the building is used for display purposes and is open to the public.

The governor's request will be tacked onto an emergency appropriation bill which has already passed the House and is now before the Senate.

Meanwhile Rep. F. E. Robinson, Democrat, Knox County, says he will make a second attempt tomorrow to get the House committee on miscellaneous resolutions to approve his proposed investigation of the State Fair.

Robinson said the proposed investigation was held up by the committee last week because several members wanted the study to be made after the General Assembly adjourns.

The Knox County representative said the investigation should be made now so the fair could have a clean bill of health for the 1957 season. He said that if the investigation could be completed by May, more persons would be enticed to exhibit at the fair.

Even if the committee approves Robinson's proposal, it will face a vote of the House.

## UN Assembly Suspends Debate On Gaza Action

UNITED NATIONS, N.Y. Faced with widely divergent views over steps to be taken in Gaza and the Gulf of Aqaba areas after Israel withdraws, the U.N. Assembly suspended its debate today to await developments.

No date was fixed for the next meeting, but the Assembly was expected to convene later this week to hear a report from U.N. Secretary General Dag Hammarskjold.

No opposition was expressed to the temporary takeover of the Gaza Strip and the Gulf of Aqaba area by the U.N. Emergency Force. But there was widespread difference of opinion on these two questions:

1. The right of free passage through the Strait of Tiran into the Gulf of Aqaba as demanded by Israel and upheld by the United States and other maritime powers.

2. The eventual administration of the Gaza Strip and its 300,000 Arabs, two thirds of them Palestine refugees living on U.N. relief allotments.

## Occasional Rain Seen For South Missouri

KANSAS CITY (AP)—A sprinkling of rain fell at some southern and southwestern Missouri points in the past 24 hour.

The Weather Bureau said occasional light rain was expected this afternoon along the southern border.

In the 24 hours ended at 6:30 a.m. Caruthersville received .04 of an inch, Joplin .02, Springfield, Malden and West Plains traces.

Colder weather was forecast for the southwest tonight, but otherwise little change in temperature through Wednesday was forecast.

## The Weather

Partly cloudy tonight and Wednesday; low tonight in low 30s; high Wednesday in low 50s.

The temperature at 7 a.m. was 34, 50 at 1 p.m., and 32 at 2 p.m. Low Monday night 34.

Stage at Lake of the Ozarks 50.0 fall 1.

## Proposes More State Funds for Drought

**OXYGEN—TOO LATE**—Firemen apply a resuscitator in a vain attempt to revive an unidentified workman trapped when tons of dirt fell on a crew preparing a foundation for a new store building in downtown Little Rock. Three men died in the cave-in.

## 15 of World War II Army Pigeons to Zoos And Institutions

FT. MONMOUTH, N. J. (AP)—The Army is going to sell the last of its carrier pigeons March 23 but not 15 feathered heroes of World War II. They will be given to various zoos and institutions throughout the United States. Only 1,000 of the birds remain, now declared outmoded by electronic communications.

## Connelly, Caudle Get 2-Year Terms

ST. LOUIS (AP)—Matthew J. Connelly and T. Lamar Caudle, who held high positions in the Truman administration, today were sentenced to two years in prison and fined \$2,500 each for conspiring to defraud the government.

Federal District Judge Gunnar H. Nordbye, before imposing sentence, denied a motion for a new trial.

The last-minute motion filed yesterday was that the late Federal Judge Ruben M. Hulen, who presided at their trial last summer, was in "no proper mental and physical condition" to preside at the trial.

Judge Hulen was found shot to death in a yard at his home three weeks after Caudle and Connelly were convicted by the federal court jury.

Judge Nordbye said today he found nothing in the record of the case to indicate Judge Hulen had suffered from any mental disturbance at the time of the trial.

Connelly and Caudle could have been sentenced to five years in prison and fined \$10,000 each.

A coroner's jury was unable to determine whether Judge Hulen killed himself deliberately or accidentally.

Connelly was White House appointments secretary during the Truman administration. Caudle was head of the Justice Department's tax division until Truman fired him for having outside interests that conflicted with his official duties.

## MFA Will Build Grain Elevator Here

**Capacity of Unit To Be 100,000 Bushels at Start**

The MFA Central Cooperative is to build a 100,000 bushel grain elevator in Sedalia according to an announcement received from Virgil Griffin, local manager, Tuesday morning.

An advisory committee of local farmers met with Otto Schulte, general manager of Columbia, and Roy Reed, director of organization, for final planning.

Construction is expected to start in April or as soon thereafter as financing arrangements are completed. The elevator is to be built on money obtained by selling debentures to local persons and from MFA Funds along with a loan from the Central Cooperative Bank in St. Louis.

Mr. Schulte stated that the elevator is being built to provide farmers with a well rounded marketing institution and to provide storage for their grain.

The elevator will be erected on a site that will have plenty of room for railroad sidings and for the farmers' trucks, but Mr. Schulte said the site had not been definitely decided upon and its location would be announced at a later date.

At a meeting held Monday night, committees were appointed and the local financing campaign was started.

The local advisory group will be assisted by J. T. Powell and Harold Winters of the state MFA organization. Members of the local advisory group are Norman Gibson, chairman; Roy Spears, Carl Wilkens, Olen Rugen, Harry Runge and Robert Rissler.

## Eden Fully Recovered From Fever Attacks

AUCKLAND, New Zealand (AP)—Sir Anthony Eden has recovered completely from the abdominal inflammation that caused his recent attacks of fever, his doctor said today.

## Nixon On Gold Coast

**NIXON WITH GOLD COAST OFFICIALS**—Vice President Richard Nixon shakes hands with Gold Coast Minister of Commerce, Casey-Hayford, left, as Mrs. Nixon and Minister Kojouharova, right, look on following the Nixon's arrival at the

Accra airport. The Vice President and Mrs. Nixon will celebrate Gold Coast independence when the British colony will become the independent state of Ghana on March 6. (NEA Radio-Telephoto)

## OBITUARIES

**Gary Lee Laxson**  
Gary Lee Laxson, 13, a former carrier boy for the Sedalia Democrat at Marshall who ably served a large number of patrons there up to the time of being stricken with leukemia, died at Mercy Hospital, Kansas City, at 3:30 p. m. Monday.

He was a son of Mr. and Mrs. Edward Laxson, 1176 South Conway, Marshall, and attended public school there and the Marshall Baptist Church. He was born Jan. 24, 1944 and survivors include his parents and a sister, Janice Laxson.

He was first admitted to Mercy Hospital Jan. 2, 1957 and after being there several weeks was permitted to return home for a brief period then went back to the hospital four weeks ago. During his stay he received well wishes from schoolmates and friends on post-cards and personal notes.

The body was taken to the Campbell-Lewis Funeral Home, Marshall, to remain until noon Thursday when it will be taken to the Baptist Church where funeral services will be at 2 p. m., the Rev. W. J. Oldham, pastor, to officiate, assisted by the Rev. C. C. Cox, Waverly.

Burial will be in Ridge Park Cemetery, Marshall.

**Mrs. Elizabeth B. Dalley**  
Mrs. Elizabeth Bryan Dalley, a former Sedalia, who for a number of years had resided in Los Angeles, Calif., died at a Los Angeles Hospital Sunday morning. She was a sister of Mrs. Estelle Bohannon, 922 East 13th.

Mrs. Dalley was born July 17, 1871, in Indianapolis, Ind., daughter of James and Susan Bryan, coming to Sedalia as a child, where she spent the early years of her life.

Surviving besides the sister named are a daughter, Mrs. Verna Nail of Los Angeles, Calif., another sister, Mrs. Effie Campfield, Glendale, Calif., and three nieces, Mrs. George Dillard, Sedalia, Mrs. Henry Devine, Teagarden, Okla., and Mrs. John Harpole, Kansas City.

Funeral services were held in Los Angeles Tuesday morning and burial will be in Kansas City.

## Four-County Livestock Meet Planned

Former Commissioner of Agriculture L. C. "Clell" Carpenter, on a new job as head of an enlarged livestock program for the Missouri Farmers Association will preside at a meeting for livestock producers at the Legion Hall in Cole Camp at 7 p. m. on Tuesday, March 12th.

Farmers living in Pettis, Benton, Morgan and Henry Counties are invited to attend this meeting.

"This will be one of 22 meetings that have been scheduled in various sections of the state," Carpenter said. "We are trying to find a fresh approach to this livestock situation and will be open for ideas. The income derived from the sale of livestock and livestock products in Missouri constitutes about 75 per cent of the total farm income."

"A healthy livestock industry is the life blood of our farm economy in Missouri. If we expect to improve farm conditions materially it is necessary to make livestock a paying proposition. I propose to dedicate my efforts toward the improvement of the industry with the goal of securing the highest net return to farmers," Carpenter continued.

W. F. Beck, manager of the MFA Farmers Livestock Commission Co., of St. Louis and Springfield will open the meeting with a review of the background and operation of the commission business, the stockyards, and packing plants and order buyers.

Vocational Agriculture Instructor L. B. Swaney of Clinton will discuss "The Importance of Livestock to Our Economy."

Larry Broz, a cattle salesman at the stockyards, will give an illustrated talk demonstrating what the buyers representing the packers are looking for. He will show slides of the live animals and follow the carcasses through the packing plant so that the group will be able to thoroughly understand dressing percentages.

Glen Grimes, of the agricultural economics department of the University of Missouri, will talk to the group about a "Livestock Breeding Program."

Carpenter will open up a discussion on the subject "What Do You Want the MFA to Do for You in Livestock Marketing?" Explaining the program Carpenter said, "we want to get everyone in on this discussion. We are looking for new fresh ideas. A farmer riding a tractor all day does a lot of thinking — he comes up with some good well thought out ideas. It is this grass root opinion that we are after."

Following the discussion there will be an election of delegates and refreshments.

**Private Plane Goes Into Spin, Recovers 30 Feet From Ground**

**SAN FRANCISCO (AP)**—A private plane went into a spin over San Francisco's crowded Mission District area yesterday and the pilot pulled it out safely just 30 feet from the ground.

District residents flooded police switchboards with calls reporting that the plane "barely missed a couple of church steeples."

In the plane were a San Jose pilot, his wife and their two children.

Herbert Bourne told Ted Bollinger, Civil Aeronautics Administration investigator, that he was flying from Bolinas, north of San Francisco, to San Jose when he lost control in turbulent weather over San Francisco.

He landed at the San Jose airport but left without reporting in. Bollinger said Bourne was too shaken over the narrow escape to give a full account.

(Dick) Whiting, 60, who died at 7:30 p. m. Sunday at his home on Route 1. They will be at the Gillespie Funeral Home, with the Rev. Charles W. Holbrook, pastor of the New Hope Baptist Church, to officiate.

Russell Maag will sing "Beyond The Sunset" and "In The Garden", with Mrs. Del Heckart at the organ.

Burial will be in Memorial Park Cemetery.

**Walter D. "Bunk" Townsend Rites**  
Funeral services for Walter D. "Bunk" Townsend, 50, who died Saturday night, were held at the Ewing Funeral Home at 10:30 a. m. Tuesday.

The Rev. Ralph E. Hurd, pastor of the Epworth Methodist Church, officiated.

Organ music was played by Mrs. Duane Ewing.

Palbearers were Emmett L. Vaughn, Lloyd Gordy, Gene Kelly, Raymond Simons, Eddie Holman and Vinson Sullivan.

Burial was in Crown Hill Cemetery.

**Democrat Class Ads Get Results!**  
Phone 1000.

**SEVENTEEN**  
Seventeen overtime parkers who failed to appear in court forfeited their cash bonds of \$2 each and 66 others paid the 25-cent fee.

**Johnnie Wilford Sinden, 1300 East 16th, charged with careless driving in the vicinity of Saline and Mill, was fined \$25. He pleaded guilty.**

## DAILY RECORD

### Future Subscribers

Son to Mr. and Mrs. Jack Horn Jr., March 4 at 10:40 a. m. at Bothwell Hospital. Weight ten pounds.

Daughter, to Dr. and Mrs. C. J. Blach, 1408 State Fair Blvd., at 10 a. m. March 4, at Research Hospital, Kansas City. Weight, eight pounds, four ounces and named Janet Ann.

Daughter to Mr. and Mrs. Donald Lewis, Ft. Riley, Kan., at 10 a. m. March 3. Weight, eight pounds and named Julia Ann. Mrs. Lewis is the daughter of Mr. and Mrs. Lee Hudson, LaMonte.

### City Hospitals

**BOTHWELL** — Medical: Mrs. Lavinia Larson, 1812 East Seventh; Tom Cole, 118½ East Main; Herman McMullin, Hughesville; Miss Helen Luck, 1914 South Quincy.

Accident: Jerry Renfrow, Ionia. Surgery: Claude Cooper, 1806 South Prospect; Mrs. W. D. Hanley, 225 South Grand; Mrs. Mary Williams, 608 South Montau; Ancil Swope, Green Ridge.

Dismissed: Miss Sharon Landes, LaMonte; Mrs. John Blumh, Sr., Smithton; Mrs. Charles Knatchall, 1711 South Grand; Harry Spillers, 1507 South Barrett, transferred to Baptist Hospital, St. Louis; Mrs. Lester Sprinkles, Route 4; Miss Linda Morris, 416 North Grand; Mrs. David Albertson and son, 1101 East 17th; Mrs. Herman Myers, 1207 West 11th; Mrs. Maurine Vickrey, 109 East Seventh; Mrs. Burford Schaller and son, Oak Grove.

**WOODLAND** — Surgery: Mrs. W. E. Wilborn, Route 4. Tonsillectomy: Linda June Clark, 5, daughter of Mr. and Mrs. Leon Clark, 820 West Seventh.

Dismissed: Burton S. Aldredge, 1300 West Tenth.

### In Other Hospitals

Don E. Mahoney, 1720 South Park, has gone to the Missouri Pacific Hospital in St. Louis for a medical checkup. He expects to be away several days. Mahoney is weighmaster at the City Scales.

Sandra Teeter, 10-year-old daughter of Mr. and Mrs. Donald Teeter, 1812 South Kentucky, was dismissed from Children's Mercy Hospital Feb. 28. She was admitted on the 25th.

Mrs. J. B. Jones, Buncheon, a patient at St. Joseph's Hospital, Boonville, is improving satisfactorily. She had pneumonia.

Allan Layne, Buncheon, who recently underwent an appendectomy at Charles E. Still Hospital, Jefferson City, is improving.

### Accidents

Celester Wyatt, 409 North Osage, Monday evening while placing a light bulb in a socket at the Osage Cafe owned by Bill Davis, had both bones in his left leg fractured when a ladder from which he was working gave way and he fell. He was taken to Bothwell Hospital, where Dr. A. R. Maddox attended him and placed the leg in a cast.

### Police Reports

Children threw railroad spikes and a railroad tie off the MKT overpass on East Broadway. Police picked up the spikes and tie and took them to police headquarters at 4:40 p. m. Monday.

A door to the Martney Grocery warehouse, 1200 block on East 12th, was found unlocked by the police at 10:32 p. m. Monday. Owner notified and police locked the door.

Mrs. Don Richardson, 610 West Third, reported a prowler around the yard. Gone when police arrived.

A window at the Fetchal Sales Co., 204 South Montgomery, was found open at 11:30 p. m. Monday. Owner notified. Boxes were piled up past the window to close it off.

### Police Court

Leroy L. Young, 1316 East Broadway, charged with speeding 45 miles per hour in a 30 mile zone, Park to Sneed on Broadway, forfeited a \$15 cash bond.

Mary Lou Ball, 106 West Second, charged with double parking in the 100 block on West Fourth, forfeited a \$2 cash bond.

Seventeen overtime parkers who failed to appear in court forfeited their cash bonds of \$2 each and 66 others paid the 25-cent fee.

Johnnie Wilford Sinden, 1300 East 16th, charged with careless driving in the vicinity of Saline and Mill, was fined \$25. He pleaded guilty.

### Senator Declines Comment on GOP

**WASHINGTON (AP)**—Senate Republican Leader Knowland (Calif) has declined to rule out the possibility he might seek the GOP presidential nomination in 1956.

In a recorded radio interview yesterday, Knowland said in response to questions on the 1956 presidential situation:

"I don't think any person... can say in 1957 what the conditions may be in 1960. I neither ruled it in nor ruled it out."

## Rotarians Hear Talk On Auto Shop Service

Gene Spahr, zone manager for the Chevrolet Motor Division of General Motors, was guest speaker at Rotary's noon luncheon Monday. He spoke on "Automotive Shop Service" and was introduced by John C. Brown, program chairman.

The Rev. Thomas W. Croxton presided and the invocation was given by Paul O. Hunnell. Dr. R. W. Lehwed led in group singing, with Miss Lillian Fox at the piano.

Dr. Gordon Stauffacher, Emery Bowman and Jim Denny were appointed to the committee to boost the attendance to the district conference. The district governor has given the Sedalia Rotary club one of the prominent spots on the program. Bill Hopkins was appointed chairman and James Miller associate chairman.

Merle Vaughn and K. U. Love reported on Egg Week and advised everyone to eat more eggs.

Ewing Gibson treated the club to cigars with the inscription "It's a Girl".

Guests were introduced by E. L. McClung as follows: Wayne Sievers and Danny Ruffin, Junior Rotarians for March, guests of the club; Max Schwabe, Columbia, guest of Oscar DeWolf; and Rotarian Darrell Young of Carthage.

The nominating committee meets Tuesday with Rev. Croxton, and the board meeting will be held Tuesday noon at Bothwell Hotel.

## Transport Plane Hits Two Farm Houses; 21 Persons Perish

**DRAYTON, England (AP)**—A Royal Air Force transport plane crashed into two farm houses near its base today and the Air Ministry announced 21 persons were killed.

Seventeen were airmen and four were occupants of the wrecked dwellings.

Six police dogs aboard the plane also perished.

The 70-ton, four-engine Beverly transport had taken off from the Abingdon RAF base for Malta with 20 men, but developed engine trouble and turned back.

It was making an approach about two miles from the base, 75 miles northwest of London, when it smashed into the farm houses and burned. Three of the airmen were thrown clear and escaped with injuries.

John Dawson, a witness, said one wing had struck a tree.

The farm buildings were demolished.

**FBI Enters Search For Missing Woman Lawyer in Arkansas**

**CAMDEN, Ark. (AP)**—The baffling disappearance of Mrs. Maude Crawford, who vanished from her home Saturday night, apparently as the FBI entered the search for the woman lawyer.

Sheriff Grover Lienbarrier said last night that two FBI agents from Little Rock arrived yesterday.

At Little Rock Alton M. Bryant, special agent in charge, said the FBI was conducting an inquiry into the 58-year-old woman's disappearance "to determine whether any violation within the bureau's jurisdiction has occurred."

Mrs. Crawford is a civic leader and has been a member of the Camden law firm of Gaughan, McClellan and Laney for 30 years.

Sen. John McClellan (D-Ark) is an inactive member of the firm.

### Improving

(Continued from page one) mer Johnson and Pettis county roads which have gained permanent state highway status and improvement as such under the terms of the 10-year state highway modernization and expansion program.

Route FF was taken over Oct. 1, 1953, and Route BB on April 1, 1954, by the Commission for maintenance as temporary state routes. Then, after right of ways needed to improve them to supplementary highway standards were made available without cost to the state, a program requirement, they were given permanent state highway rating.

Route FF on June 12, 1955, and Route BB last month, and were put in line for development as funds and conditions permitted. These contracts provide for that development.

Construction will be carried out under the supervision of the Commission's District 4 office in Kansas City, of which Marvin J. Snider is the district engineer. W. J. Groves, district engineer's assistant in charge of construction, will direct the work with the resident engineers as yet to be named.

Both contractors have been notified that they may begin work on the improvements as of March 18.

These Routes BB and FF state highway improvements are among others costing a total of \$4,550,499 on which the State Highway Commission now has completed contracts under its Feb. 15 bid call.

The work covers 103.3 miles of highways and extends into 23 counties.

## City Council

(Continued from page one) to the Council at the meeting on March 18, 1957.

The motion was offered and passed unanimously.

The mayor then asked for a motion that these bonds be awarded to the Sedalia Water Co. or its nominee in accordance with the contract between the city and the Sedalia Water Co. dated Jan. 7, 1957 by which the company will purchase the said bonds, to be 40 year bonds, at 3½ per cent interest rate. This motion was presented to the Council and was unanimously passed.

A motion was made that the mayor, City Clerk Ream and City Counselor William F. Brown be authorized to join with the Sedalia Water Co. in an application to the Missouri Public Service Commission for an order permitting the company to sell the waterworks to the city, or to take whatever action may be necessary to appropriate in connection with securing the order of the Public Service Commission, including waiving any notices of any hearing by the Commission. The motion was unanimously passed by the Council.

Another motion was unanimously passed which authorizes the mayor to extend the time to April 1, 1957, on the contract between the city and the Sedalia Water Co. to close the purchase of the water company.

The Council then heard read for the first time an ordinance declaring the results of the special election of Feb. 19 for the purchase of the Sedalia Water Co.

Prior to the reading of the ordinance, City Clerk Ream read the certificate of election as found by Mayor Bagby and himself in their canvass showing 4220 votes favoring the proposal and 623 against.

Another ordinance was introduced which establishes an executive department within and for the city of Sedalia to be known as the board of public works which will handle the operation of the water works as soon as the city takes it over.

Ordinance authorizing the issuance of water revenue bonds for \$2,700,000 to purchase the water works was introduced; another ordinance authorizing the issuance of \$300,000 bonds for the Bothwell Hospital improvements were read for the first time.

Ordinances which were given final passage were: one to repeal the 49 obsolete ordinances on the books; and another accepting materials furnished, work done, and improvements made by the J. W. Atkinson Co., in construction of Lateral No. 1 in Sewer District 131.

Councilman Earl Paxton, reporting on claims and supplies, presented the city with a check for \$35 from the All-State Insurance Co. for damages done to one of the fire trucks in an accident with one of the insurance policy holders.

Councilman Harry Moore reported the sanitation department was in need of 120 tons of sand costing approximately \$360 for the west septic plant. It was authorized. He then presented a petition to create Sewer District No. 136 in the northwest part of the city, and it was referred to the city counselor for an ordinance.

Under officers reports, it was reported the police department collected \$3,419 in fines during Feb.

Several applications for liquor licenses were approved: George W. Stevens for the Main Street Bar, liquor by the drink; Gladys Alpert for Paul's Package Store, 616 South Ohio, package liquor; Leo Sullivan for the Budweiser Tavern, 302 West Main, liquor by the drink; Orvis Crouch, 724 West 16th, 5 per cent beer; Paul and Harold Harvey, 16th and Ohio, 5 per cent beer; Richard C. Esser for Esser's Package Liquor, 906 South Limit, for package liquor; Sedalia Drug Co., 122 South Ohio, package liquor; Betty J. Schultz, a transfer of 3.2 beer license from the Eastview Tavern to the White Spot, 2918 West Broadway.

The Council authorized the construction of a sewer in the Rainbow Addition to cross property of John L. Horttor, the petitioner. An application for a public loading zone for the Sedalia Supply Co., 212 South Osage, was approved.

Three resolutions were introduced and passed: for curb and guttering on First Street Terrace, Gentry to State Fair Blvd.; for paving with a six-inch rock base to be paved with a hot mixed asphalt, same area; paving with hot

mixed asphalt, West 14th from Barrett to Warren.

Approval for payment of the city bills totalling \$15,120.95 was given: sanitation, \$2,673.77; street and alley, \$2,355.43; police department, \$1,251.63; contingent, \$4,137.66; fire department, \$737.13; public buildings, \$471.57; airport \$167.80; traffic department, \$88.44; lights and water, \$3,147.50.

Councilman Paxton presented a petition for the closing of an alley between Fifth and Sixth, Carr to Barrett, where a deep drainage ditch now runs, and it was approved.

Councilman Aubrey Case presented two petitions. One, for curb and guttering on Barrett from 18th to 20th, was referred to the city counselor for a resolution and ordinance. The other, for curb and guttering starting 85 feet west of Warren on 14th and running west 224 feet, was approved for private contract.

**Public Sale**  
Will sell the following consignments of merchandise and furniture at the Hill Top Station, 1 mile south of Sedalia on 65 Hiway, on

## Miss N. Schlup Becomes Bride Of E. Dougherty

At 8 o'clock Friday evening, February 22, Miss Nadine Schlup, the daughter of Mr. and Mrs. Charles A. Schlup, California, became the bride of Eddie Dougherty Jr., son of Mr. and Mrs. Eddie Dougherty, Sr., St. Louis, at St. Peter's Evangelical and Reformed Church in St. Louis. The double ring ceremony was performed by the Rev. Elmer H. Haefner in the presence of the immediate families.

For her wedding the bride chose a street length dress of white Chantilly lace over satin designed with fitted bodice and bouffant skirt. The lace bodice featured a scoop neckline and short sleeves. The neck and waist line were trimmed with wide pink velvet ribbon. She wore a pink satin hat and veil and her corsage was an orchid.

Mr. and Mrs. Tom Dougherty, sister-in-law and brother of the groom, were the only attendants. Mrs. Dougherty wore a street length dress of pink embroidered lace designed with fitted bodice and flared pleated skirt with matching pink hat. Her corsage was an orchid.

The bride's mother was attired in a dress of Dior blue Chantilly lace over taffeta with pink accessories. The bridegroom's mother wore a steel gray dress and black accessories.

The bride graduated from California High School and is a clerk typist for the National Retailers Farm Equipment Association, St. Louis.

The groom served four years in the Air Force and is presently employed at the Brooks Paper Company in St. Louis.

They are residing in St. Louis.

## Circle No. 5 Meets At C. Parson Home

The February meeting of Missionary Circle No. 5 of the First Christian Church was held at the home of Mrs. C. K. Parsons, 901 South Osage.

The meeting opened with the group singing "My Country 'Tis of Thee" after which 23 members and one guest recited the CWF prayer. Mrs. William Kabler presented the circle with the United States flag and the Christian flag and led the pledge of allegiance. The following meetings were announced: World Day of Prayer, March 8; reception for the new minister, March 10; and the United Women's meeting in May.

Mrs. Charles Evans presented the devotional. Mrs. John Gilbert, program chairman, gave the missionary lesson, "Thailand," assisted by Mrs. Ivan Berry, Mrs. Mary Todd, Mrs. Kenneth Weinrich and Mrs. Kabler.

Refreshments were served during the social hour.

The next meeting will be held March 21 with Mrs. Kenneth Weinrich, 1215 South Kentucky.

## Bible Lesson Given By Mrs. G. Helman

Mrs. W. C. Haynes, assisted by Mrs. Fred Fiene was hostess to the members of the Esther Circle of the Green Ridge Presbyterian Church, Feb. 28, at her home in Green Ridge.

The circle chairman, Mrs. Mattie Myers, opening the meeting with a Bible quotation repeated in unison, followed by prayer by Mrs. Myers.

Mrs. W. C. Haynes was elected as fellowship chairman of the circle and Mrs. Alvin Howe, world service chairman. The members decided to have three night meetings during the year so that members who were employed could attend. Mrs. Gertrude Helman presented an interesting Bible lesson following the theme of Jesus' Teachings on Citizenship.

The March meeting will be held at the home of Mrs. Dennis Brownfield.

The meeting closed with prayer by Mrs. Helman after which refreshments were served.

The wild boar, now found in the southeastern United States, is descended from animals imported from the game preserves of European nobles.

## G. Peoples Observe 25th Wedding Day

Mr. and Mrs. George W. Peoples, Syracuse, observed their 25th wedding anniversary with a dinner at their home Sunday, Feb. 25. They have spent most of their married life near Syracuse and are the parents of three children, Norman, Kansas City, Mrs. Donald Wear, Syracuse, and Walter J. of the home. They have four grandchildren.

Dinner was served to their relatives and all the children with the exception of Norman's wife were present.

## Miriam Circle Meets At V. Oglevie Home

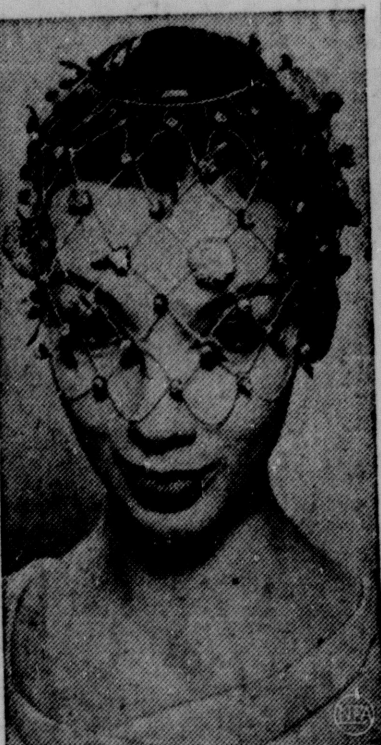

Mrs. Vergil Oglevie was hostess to the members of the Miriam Circle of Green Ridge Presbyterian Church at her home in Green Ridge Feb. 28.

Mrs. A. M. Kendrick opened the meeting by reading the 100th Psalm. Mrs. J. M. Palmer reported the sending of 19 pounds of used Christmas cards to Korea to be used for Bible tracts.

The new year books were distributed by Mrs. Kendrick.

Mrs. Loy Smith presented a very interesting Bible lesson, "Nationalism Versus Internationalism." Bible verses pertaining to the subject were read by various members.

The March meeting will be held at the home of Mrs. Russell Lewis on 16th Street road near LaMonte.

**IN FASHION'S WEB**—Like a big black spider lurking at the center of its web is this millinery whimsy shown in the Castillo-Lanvin spring collection in Paris. The "spider" is a tiny black satin cap, from which depends a net veil dotted with appliqued flowers.

## Miss Jackson Crowned Queen of Year Book

Miss Maxine Jackson was crowned "Cardinal Queen" at the school party at Lincoln High School Friday night. Larry Boring, co-editor of the school year book, "The Cardinal," placed the crown on Miss Jackson's head, and presented her with a dozen red roses. Her attendants were Misses Sue Ann Thomas and Dixie Owens.

The party was sponsored by the student council.

Democrat Class Ads Get Results!

## Square Dance Patter

If you desire to learn to square dance, this is your chance, as a beginners class will begin Monday night, March 11 at Horace Mann School. Lessons will be from 8 to 10:30 p.m. There will be ten lessons in the series and Ray McCory well known instructor and caller will be the teacher. Anyone interested either contact the committee, Ivan Berry, Key Poynter, Floyd Priddy and Ray McCory or any member of the club or just come out Monday night.

## Mrs. R. Davis Feted

Ladies Group, The Reorganized Church of Jesus Christ of Latter Day Saints met in the home of Mrs. Ralph Davis for a contributive dinner honoring Mrs. Davis' birthday, anniversary which was Feb. 28th.

Mrs. Bell Hiatt, gave the devotional. In the afternoon Mrs. Joe Reine was in charge of the business meeting.

Games were in charge of Mrs. Reine and Mrs. George Johnson.

Guests were Mrs. John Reine, Mrs. Alvina Moose and Mrs. Maggie Funnell.

The next meeting will be with Mrs. George Johnson on March 7.

## Which custard has the TOPIC?\*

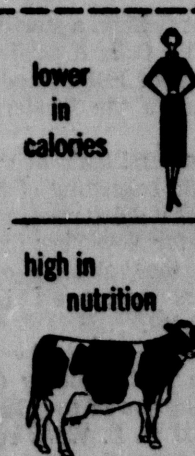

\*The custard on the left has the Topic. Tastes and looks like custard made with ordinary milk—but so much smoother.

Always firm, smooth and delicious—that's custard  
made with fresh-tasting Topic!

Imagine cooking with a new kind of dairy product that gives you perfect, failure-proof results every time!  
It's Topic—not a canned milk, not evaporated milk, not a powdered product—but a remarkable new achievement of dairy science. You'll save money, too...for when you cook with Topic instead of ordinary milk, you can save up to 1/2!

So make the Topic custard test today. Then try Topic in a favorite casserole recipe. And in soups, sauces, puddings, cream pies. Buy fresh-tasting Topic in your grocer's canned milk section. You'll agree that in cooking and baking, Topic does everything milk does — at far less cost!

Whipped Topic has 70% less calories than whipped cream, and 30% less calories than ordinary table cream!

Topic is fresh whole milk, with all the fat and half the water removed...and with light vegetable oils added. And Topic has extra units of Vitamins A and D!

PERFECT FOR  
COFFEE AND  
WHIPPING, TOO!

## Ho, hum! It's A Dull Day

Did you ever start off your day's activities with what is described as a "dull" morning, cloudy outside, overly warm inside, an early crop of irritations.

It's a poor condition under which to stimulate an apology to anyone. Under such circumstances a person can become real nasty instead of apologetic. So to prevent that we'll get off on a subject dull to some, fascinating to others—one about the future.

First, two questions: How would you like to live in a house that never needs painting? Or buy a set of tires for your car that will be good for 100,000 miles? Everybody yells "Yes" except the painters and the tire dealers.

But startling innovations, which we have referred to before, may be commonplace in the comparatively near future. The story is told in a U.S. News & World Report article on information supplied by Charles N. Kimball, head of a non-profit organization known as the Midwest Research Institute. He does not concern himself with a science-fiction variety of the future in which everything is done with push buttons and power from the sun, and interplanetary travel is practically as common as a trip to the

grocery store. He talks about life as it is expected to be in a mere 10 to 20 years, basing his prediction on established scientific knowledge.

Electronic control equipment will be built into the highways to keep your car in the right lane; solution to traffic problems will lie in parking at the edge of cities and coming downtown on moving sidewalks. This idea suggests that about the time we get off-street parking lots bought and paid for, they'll be out-of-date—what with moving sidewalks hauling people around. But maybe people won't have legs by that time.

What all these new fangled things add up to is not only greater luxury and convenience in living, but an enormous potential increase in leisure time. So that makes the recreation industry appear to be a good investment while stocks are fluttering around on the New York market not knowing what to do because of the Mid-east situation.

But if our nation is going to have all these convenient novelties and practical utilities we must, according to Mr. Kimball, encourage technical progress by interesting more capable young people to choose scientific careers. We're for that! The field is wide open.

### The Washington Merry-Go-Round

## Not All Being Told In Racket Probe

By DREW PEARSON

WASHINGTON—There is more than meets the eye behind the sensational parade of narcotics addicts, underworld characters, petty gamblers, and madams that Sen. McClellan of Arkansas has brought before his committee during his probe of the Teamsters.

One of the most interesting, and on the surface inexplicable features is tape recordings of alleged conversations linking the district attorney of Portland, Ore., William Langley, to alleged Teamster representatives, plus testimony that Langley took contributions from Big Jim Elkins, convicted narcotics smuggler and user. Langley is a Democrat. He comes from a family of Democrats who were Democrats when it wasn't too profitable to be a Democrat in Oregon. His father before him was district attorney. Both had excellent reputations, both were considered somewhat anti-labor. Labor, with one exception, never supported them.

I happen to have known the Langley family dating back about 30 years. The story of young Langley's having accepted money and having conspired with petty cardroom operators and Teamster errand boys sounded fishy to me. I went to him. Here is his side of the case, a story which I believe to be true.

#### Teamsters Switch

Young Langley's opponent for district attorney, John McCourt, was a liberal Republican who had been strong for labor, had always received labor support. Langley had not. But toward the end of his last election race in October, 1954, the Teamsters phoned his father to say that they had discovered McCourt was backed by Big Jim Elkins, the leader of the gambling world, so they were coming out for Langley. They did.

However, the noise the Teamsters made for Langley in those last two weeks probably did not overcome their previous 25 years of opposition.

Langley says he accepted no money from the Teamsters, but they did spend some money on his behalf and handed out literature for him. What really won him the election was his promise to solve the murder of a teen-age baby sitter by a Chinese and his white wife. He solved it and secured a conviction by getting Tom Maloney, who has figured in the Senate hearings and taken the 5th amendment, to go to Chinatown and dig up a key witness. Maloney was a sort of poolroom hanger-on and errand boy for Frank Brewster of the Teamsters. And Langley used him to get information on the underworld, including houses of prostitution. That was why he paid Maloney money and why it was easy to record telephone conversations with him. Maloney in turn was using a character named Leo Plotkin, who sold lingerie and cheap jewelry to the sporting girls in Portland brothels, to get information for Langley.

#### Langley's Letters

Using this information, Langley wrote about a dozen letters to Police Chief James Purcell demanding that the houses be closed. Here is one of his letters:

"Dear Chief Purcell:

"I am advised that prostitution is being carried on in the city of Portland at the following locations:

"Atlas Rooms, N.W. 6th Avenue; Model Rooms, N.W. 6th Avenue; Seranac Rooms, N.W. 6th Avenue; Villa Rooms, 9 N.W. 3rd Avenue; Belle-

### Guest Editorial—

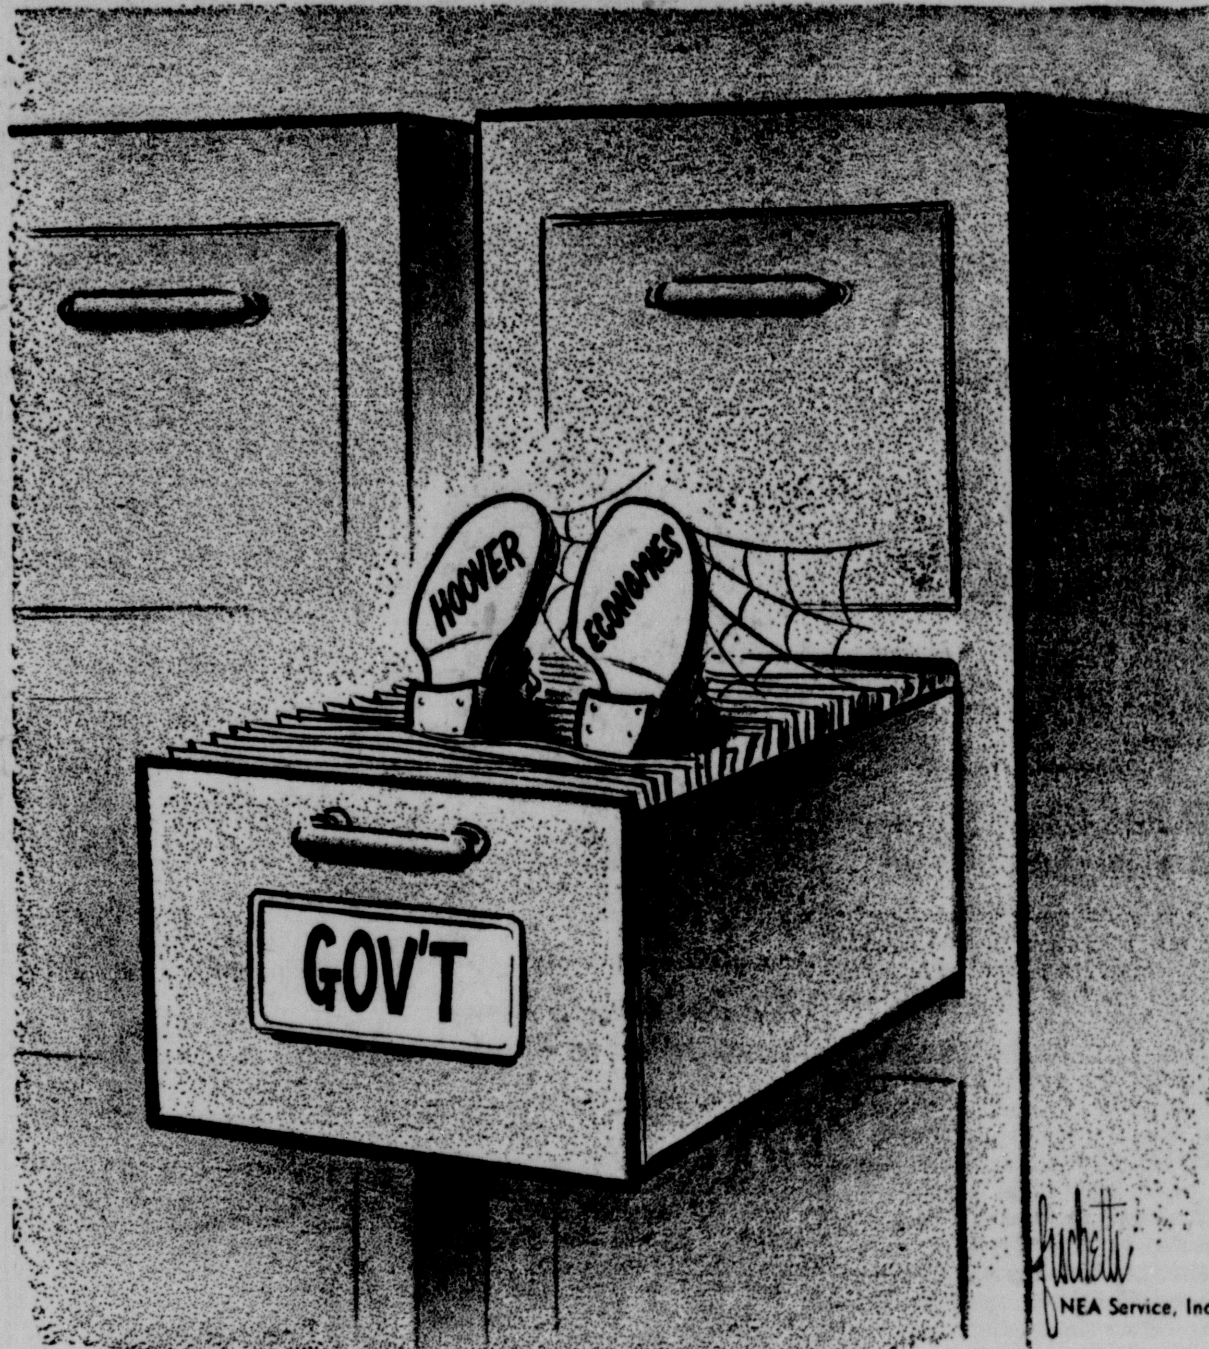

PROVIDENCE (R.I.) BULLETIN: Downy Harbingers. There is homely melody and the promise of better days ahead in the chirpings of baby chicks but a few days old.

Rising above the winter symphony of frozen mud, slush, ice, snow and freeze, the spring-like "chirp! chirp! chirp!" of the baby chick in the next few weeks will be heard in railroad baggage car, freight terminal and even among the mail pouches in village and city post offices.

Time was, before this wondrous age of electronics, that the hens were set and the chicks hatched and nursed along in warm brooder houses to coincide with arrival of spring. For generations, the baby chick in downy yellowness and bright chirp belonged among the signs that winter's back is broken.

The electronics age now hastens the hatching but the craterful of chicks continue to serve as early herald for the warming weeks of each year's spring.

### The World Today

## Ten Years Ago Isolation Was Evicted

By JAMES MARLOW

WASHINGTON (AP)—Ten years ago next week the United States said goodbye to the American tradition of isolation. In one day it became truly internationalist and assumed active leadership of the non-Communist world.

It was on March 10, 1947, that President Truman appealed to Congress for 400 million dollars in economic and military aid to Greece and Turkey to enable them to withstand the steady push of communism.

The idea of American help to European countries wrecked by the war was not new. What was new in American foreign policy was the principle laid down by the President, known now as the Truman Doctrine.

In brief he said: Communist conquest of any country anywhere was a danger to the United States and must be prevented. The program, started with Greece and Turkey, has been extended to other parts of the world.

Since 1947 this country has put out more than 50 billion dollars in economic and military help to friendly and non-Communist countries. The Marshall Plan, help on a huge scale, was started in 1947.

Then followed military alliances the main ones being in Europe—the North Atlantic Treaty Organization—and in Asia the South-east Asia Treaty Organization.

In addition, this country has ringed Russia with American military bases in friendly countries. The policy laid down by Truman, military and economic, is still the policy followed by President Eisenhower.

## Looking Backward...

TWENTY-FIVE YEARS AGO. What was styled the Dresden Baby Beef Club was organized there, with Charles Fichter being the leader.

1932. Thefts from homes in the western portion of the city became numerous the past week, burglaries being at those of W. W. Blain, twice visited by thieves, and the residences of Kenneth McLaughlin and L. W. Fover.

1932. Seven carloads of cattle and hogs were shipped from the Central Missouri Stockyards here Wednesday on orders of St. Louis packing houses.

1932. The Rev. Walter G. Harter and Mrs. Harter returned from Kansas City, where he had been keeping some Lenten appointments.

FORTY YEARS AGO. E. G. Bylander, secretary of the Missouri State Fair, was in Jefferson City in connection with the state fair.

1917. Pat Collins, a star catcher for the Sedalia Cubs a portion of the past season of 1916 signed to play with Joplin in the Western League.

1917. A special train over the Missouri Pacific consisting of ten cars loaded with silks passed through Sedalia for New York from San Francisco the valuation of its oriental fabrics being estimated at \$1,000,000.

1917. The Pettis County Court in its first session of the March term appointed H. L. Willis road overseer of District No. 37 and J. O. DeHaven as constable of Dresden Township.

Truman laid down his policy at a time when Communist guerrillas were trying to overthrow the Greek government and Turkey was under pressure from her northern neighbor, Russia.

"I believe," he said, "it must be the policy of the United States to support free folks who are resisting attempted subjugation by armed minorities or by outside pressures."

"Totalitarian regimes imposed on free peoples, by direct or indirect aggression, undermine the foundations of international peace and hence the security of the United States."

If President Franklin Roosevelt had adopted the same policy—that totalitarian conquest of any country was a danger to the United States—Hitler might have been stopped and World War II averted. But Roosevelt—until events in Europe and the Japanese attack on Hawaii forced this country into war—followed the long tradition of American isolationism laid down by President Monroe on Dec. 2, 1823.

The Monroe Doctrine said in effect to the rest of the world out-

side North and South America: You stay out of affairs in our hemisphere, and we'll stay out of yours.

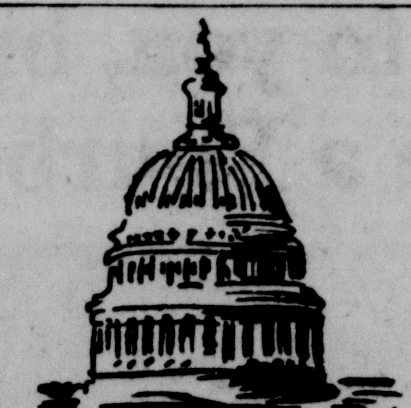

That was the policy pretty much followed by this country until it got into World War I. After that war, it rushed back into isolationism and remained there until World War II.

After the experience of that war the United States finally came to the realization that the world had shrunk and some international cooperation to maintain peace was needed. For that reason it joined the United Nations in 1945.

Between 1945 and 1947, while the United States gave help abroad to countries wrecked by the war, it was still hoping it was possible to live in peace with Russia. But Stalin, looking on the war-wrecked world around him, considered it an invitation to conquest in one way or another.

The Truman Doctrine thus was the result of despair that Russia would be a peaceful neighbor and of the realization that this country had to assert leadership or ultimately expect to find itself surrounded by communism.

## HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITOL

A hot battle developed in the house recently over a bill to license and bond milk dealers.

The sponsor, Rep. Frank Carter (R-Wright county), said the bill would protect farmers from losing money if milk dealers go out of business without paying their debts. Under the bill, the bond posted by the dealer would be used to pay milk producers, if the dealer went out of business without paying his debts.

Rep. Russell Corn (R-Howell county) said a "fly-by-night" cheese factory started in his area recently and went out of business owing dairy farmers \$80,000. He said bonding milk dealers would give the producers some protection.

Opposition came from Rep. Sam Murphy (R-St. Louis county). He objected that the bill would put the state in the business of guaranteeing debts.

The bill would require milk dealers to post a \$1,000 bond with the commissioner of agriculture who could require those without a secure financial position to post additional bond equal to the amount of milk purchased in a month.

A bill to reduce license fees for "lowboy" trucks which haul bulldozers for use on farms received tentative approval of the house recently despite considerable opposition.

The bill would reduce the license fee from \$200 to \$50 a year on the vehicles which haul earth moving equipment from farm to farm in the county of the owners' residence or adjoining counties. Its sponsor, Rep. Stephen A. Lincoln (R-Harrison county) pointed out that the lowboys used the highways very little but have to pay a high license fee.

An amendment to require the owners of "lowboys" to post bond to reimburse counties for any damage done by their vehicles to roads or bridges was defeated.

A proposal to boost the upper fi-

nancial limits for 4th class counties has been defeated by the house but is sponsor, Rep. Frank R. Carter (R-Wright county) is undaunted.

Carter said he will introduce a bill to produce the same effect as the amendment which the house failed to adopt.

The amendment was to a bill to increase the upper financial limits for 3rd class counties from \$50 million assessed valuation to \$70 million. Its sponsor, Rep. Harry Smith (D-Saline county) said this would save eight 3rd class counties from moving into the 2nd class. If the counties move into the 2nd class, he said they would have to collect higher taxes and pay higher salaries to officials.

Carter got into the battle by attempting to amend the bill to increase the top limit for 4th class counties from \$10 million to \$12.5 million. He said this would keep his county, Wright, in the 4th class and help the county's economy. He said the county will soon be \$62,000 in debt.

The amendment was defeated by a vote of 89 for, 33 opposed.

Under present laws, 4th class counties must have \$10 million assessed valuation for five years before they can move into the 3rd class. Carter said he might propose to change this to 10 years.

Support is increasing for a constitutional amendment to raise pay of members of Missouri's legislature.

The state teachers association, the society of professional engineers and the state chamber of commerce, as well as many newspapers, have already endorsed the proposed pay increase.

Missouri legislators now receive \$1500 a year salary, plus \$10 a day expenses while they are in session at Jefferson City. The proposed increase to \$3600 a year would not effect the \$10 a day expense allowance. In addition, under the proposed constitutional amendment, the lawmakers would receive a

### 'John,' Come Home Or Pay

## Special Welfare Workers May Aid Deserted Wives

By Esther Van Wagoner Tufty  
Of Our Washington Bureau

WASHINGTON—The father who runs away, across a state line, deserted his wife and children, creates a support problem which may be eased if Congress approves the \$2½ million appropriation asked by HEW to assist the states in the training of special welfare workers.

With some 100,000 husbands deserting their families every year, it will be contended in hearings that specially trained people are needed to help these abandoned women and their children who ask for public assistance and, of course, others asking for relief money for different reasons.

Congress authorized the expenditure last August, but the program will not be effective until July... and not then if the appropriation be not approved.

Back in 1950 Congress was so wrought up about the husband who skips out on his responsibilities that there was talk of making him guilty of a federal offense. But the men in Congress settled for a federal act making it mandatory for the abandoned wife to report to the law enforcement officers that she receives public assistance funds because of abandonment.

Now every state, except the District of Columbia, has a Reciprocal Support Act. This means that if father is located in, say, California the wife can go into the family court in whatever state she is and the necessary papers are sent to California. That court gives him an opportunity to tell his side of the story and determines if he should send support and how much. The payments are then forwarded to the court in the wife's state.

The new federal funds would train men and women how to help families on public assistance, rec-

ognizing that some wife might not want to resort to the Reciprocal Support Act because her John "might come to his senses and come home if he isn't dragged into the family court." Sometimes they are not married and yet the children must be supported. Others are ignorant of the protective laws. Then states differ in generosity as to assistance and in cooperation in locating missing husbands. So the need is great. HEW contends, to have more and better equipped professional welfare workers to handle such complicated heart-breaking cases.

## Thinking It Over

By Robert L. Dieffenbacher, D.D.

Lent will begin tomorrow. Everyone ought to set aside some time to worship God on this day when we begin to give special attention to the history of Christ's suffering.

We schedule appointments with human beings for business and social purposes. We set aside time for meals, for shopping, for banking and for scores of other activities.

During this season prior to Good Friday and Easter we ought to schedule specific time for worship. If we begin now to set aside some definite minutes each day for prayer, we may establish a habit that will make life more satisfying the year round.

Make a date with God tomorrow and keep it. Go to church and pray sincerely. Keep God in your daily schedule.

### Dr. Jordan Says

## Heart Surgery Setting Up Good Record of Recovery

By EDWIN P. JORDAN, M.D.

A fascinating article on the surgical management of coronary artery disease has recently come to my attention. This was written by a surgeon who has spent most of his professional life working in the field of heart surgery.

It must be said first that the coronary arteries are the blood vessels which supply the heart muscle. Like any other muscle the heart requires a plentiful supply of good oxygen-containing blood in order to function properly.

The coronary blood vessels can be shut off by a clot and this is what gives rise to what is commonly called a heart attack or coronary thrombosis.

When the blood vessels are narrowed they may carry some blood but not enough; this frequently causes symptoms known as angina pectoris.

These are two important disorders.

The report in question is based largely on about 5,000 experimental operations carried out on dogs in the past 23 years. The observations obtained from these experiments have formed the basis for a certain number of heart operations on human beings which were also discussed.

The article begins with an account of an extraordinary incident. On June 21, 1955, a 65-year-old physician had pain of the anginal type (angina pectoris). The next day he came to the hospital for

mileage allowance to pay for a trip from their homes to the capitol and back.

The pay increase amendment will go before the public for a vote on April 2.

examination. On the way out of the hospital he fell over dead from a fatal heart attack. Within a few minutes his chest was opened, the heart was massaged, oxygen was delivered to his lungs and the heart beat again. Nine months later this physician was practicing medicine.

The rest of the article is devoted principally to a discussion of the surgery performed and its results on 100 patients with disease of the coronary arteries.

It is not necessary here to go into the nature of the operation which is highly technical, except to say that it involved methods of building new blood vessels to supply the heart to replace those which were unable to do a satisfactory job.

Cases of the 100 patients were followed six months to five years thereafter. There was no pain in 40, less pain than previously in 48, or a total of 88 improved.

Thirty-four of these patients were better able to work without limitation of their activities and 56 were better able to work with moderate limitations.

It was emphasized that the operation does not pretend to cure the disease, but if it gives a longer life with more comfort there is surely much to be said for it!

## Marriage Licenses

Andrew Jones, Franklin, Ky., and Betty Jenkins, 115 West 20th. Jerry W. Latham, Springfield, and Barbara A. Koehnner, 612 1/2 South Ohio.

## Fires

The fire companies at 11:50 a.m. Sunday were called to 1515 South Limit, where dry burning grass got out of control. No damage resulted.

At 6:49 p.m. the companies were called to Ninth and Lamine where an exhaust became overheated on a car owned by Robert Beaman and started a fire. Damage of about \$25 resulted.

Burning grass at 601 West Saline caused a run by the fire companies at 11:15 a.m. Monday. No damage resulted.

## Accidents

Two Negro soldiers from Ft. Leonard Wood were injured about 2 a.m. Sunday when the 1951 Mercury sedan they were driving went over a 12-foot embankment at the "T" intersection of Highway 50 and State Highway 5, just east of Syracuse.

They were identified as Melvin Stanbeck, 36, the driver of the car, and Nathaniel Arrington, Jr., 26, a passenger in the car. Their injuries were not believed to be serious. Stanbeck suffered a back injury and Arrington bruises.

They were taken to Bothwell Hospital by Joe Schwickrath, of Tipton, who happened to be passing at the time. Later they were transferred to the Whiteman Air Force Base hospital for treatment. The car reportedly was headed south on Highway 5 and failed to stop at the intersection, crossed Highway 50, tore down the directional signs, then went on over the embankment, knocking over a small tree before stopping.

The car was badly damaged. It was towed to Tipton by a wrecker from that place.

No injuries were reported in four accidents reported early during the day Sunday, but considerable property damage resulted to the vehicles involved.

The first was at 10:30 a.m. in the 100 block on West Sixth.

A 1952 GMC truck driven by Pete Warren, 36, Route 1, Sedalia, was headed east pulling from the curb and a 1952 Chevrolet tudor sedan was being driven by Jim Hieronymus, 19, 522 1/2 South Barrett, when they collided. There was no damage to the truck and on the Chevrolet the right front fender, bumper and door were damaged.

Two cars collided at Fifth and Lamine at 2:25 p.m.

Involved was a 1947 Chevrolet sedan driven south on Lamine by Charles A. Garrett, 23, 1704 East Fifth, and a 1950 Chevrolet tudor sedan, headed east and making a left turn on to Lamine by William R. Anderson, 20, Whiteman AFB.

The left front fender on the Garrett car and the left door and fenders on the Anderson car damaged.

Accident number three occurred in front of 1715 East Seventh.

A 1956 Chevrolet tudor sedan owned by William H. Garrett, Olathe, Kan., was parked in front of the residence and was struck by a 1941 Chevrolet tudor sedan, being backed into Seventh by Ed Baugh, 76, 1720 East Seventh.

The left door on the Garrett car was damaged and no damage resulted to the Baugh car.

Two cars collided at 32nd and Linik (High Point intersection) at 3:25 p.m.

Involved was a 1953 DeSoto sedan driven by Mrs. Selma Giffen, 78, 921 West Sixth, which was going east across the highway and struck the left rear part of a 1956 Chevrolet sedan driven by Cecil H. Worley, 40, Independence, which was headed north.

The right front fender on the DeSoto was damaged and the left rear side, fender and hub cap on the Chevrolet damaged.

## Police Reports

A window at the Harvey Brothers Implement Company, was found open about 10:44 p.m. Saturday. The owner was notified.

The front door to the Masonic Hall, Seventh and Osage, was found unlocked at 10:52 p.m. Saturday. The custodian was notified and locked the door.

Two glasses were found broken out of the large overhead door at the Swafford Service Station, Fourth and Osage, at 11:55 p.m. Saturday. The owner was notified.

East door to the Welcome Inn was found unlocked at 6:45 a.m. Sunday. The owner was notified and the door locked.

Garrett Stephenson, 1916 West Third, reported to the police someone stole two large chrome hub caps from his 1956 Buick sedan, Saturday night.

Police were called to 1509 Cedar Drive where some dogs were killing chickens and a man was shooting at the dogs. The poundmaster, W. D. Weathers, was notified and took charge of the dogs.

Joe Raines reported to the police that sometime Saturday night the glass in his front door was broken out by someone who shot rifle pellets through it.

Police were called to the residence of Vera Mae Pitcher, 1308 South Lamine, where it was reported someone ran out the back door as she entered the residence.

The back door to the Wright building on South Lamine was found open by the police at 10:59 p.m. Sunday. A note was left for the owner and the door locked.

The Fectel Beer Wholesale building, 204 South Montgomery, was entered by thieves sometime over the weekend and \$108.08 in money was stolen and several bottles of beer were drunk in the process.

The thieves entered through a west window by breaking out a glass. They took with them one double case and one single case of canned beer. Exit was out the front door, which was left open.

Steve Scott and Rufus Twenter, drivers for the firm, discovered the robbery when they reported for work early Monday morning.

## Circuit Court

Zona Shipp filed a petition for divorce from Harry Shipp on grounds of general indignities. George H. Miller represents the plaintiff.

Mary E. Schupp filed petition for divorce from Albert J. Schupp on grounds of general indignities. Hayes and Durley represents the plaintiff.

The divorce petition of Ruby C. Wagner vs. Robert A. Wagner was dismissed.

Betty L. Bane was granted a divorce from Loren E. Bane on grounds of general indignities. Crawford and Harlan represented the plaintiff and Hayes and Durley represented the defendant.

## County Court

A license to sell liquor in the original package and five per cent beer was granted to Helen Files.

County Judges C. M. Purchase and E. L. Birdsong went to Kansas City on Monday to look at a road grader for the County.

## Magistrate Court

Robert Johnson, St. Louis, was fined \$10 and costs on a charge of

ST. JOSEPH ASPIRIN FOR CHILDREN

## YOUR EYES AND VISUAL FUNCTIONS

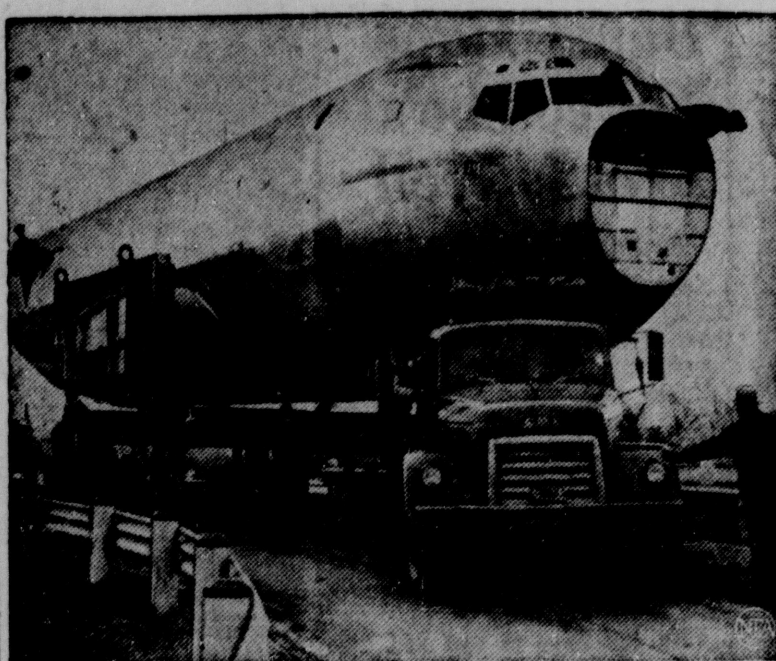

Recently newspaper carried several facetious articles about the growing number of "weeks" in the year, calling attention to the fact that these special event weeks which we now observe total between 175 and 200. These "weeks" were set aside and designated to focus attention on many things, ranging from fruits, vegetables and other foods to many kinds of services and manufactured articles.

Many years ago, when there were only a few "weeks", the American Optometric Association designated the first week in March as Save Your Vision Week. Each year special effort has been made in that week to bring to public attention the importance of eyes and vision and to emphasize the necessity of early and frequent examinations to insure good sight for the years ahead.

The Missouri Optometric Association participates in the observance of Save Your Vision Week and would urge one and all to value their priceless gift of sight and to take the necessary steps to protect their eyes and conserve vision by having careful, painstaking examinations made at regular intervals.

Every child who shows the least variance from a normal functioning pair of eyes should have early examination, even in the first and second year of life. Even the child's vision seems normal in every respect, it is advisable to have an examination made in the third or fourth year. Certainly, this should be done before undertaking school tasks.

Adults, too, should think about their eyes and have them regularly examined. Neglect and delay are the chief causes of impaired sight and acquired blindness.

ROAD HOG—The 25-ton fuselage of a Boeing KC-135 jet aerial tanker needs plenty of room when it moves on the highway. It took up all this corner of the road while being transported to the Renton plant, near Seattle, Wash., for testing.

littering the highway. Johnson pleaded guilty.

## Police Court

A-3c Peter F. McDonald, charged with careless driving on Limit Ave. forfeited a \$25 cash bond, when he failed to appear in police court. He was arrested by Trooper Robert Stockdell of the Highway Patrol.

A-3c Kenneth R. Toney, Whiteman AFB, charged with making a U turn in the 500 block on South Ohio, forfeited a \$5 cash bond.

Michael G. Kramer, 65, 2015 South Grand, charged with driving a car while intoxicated failed to appear in court and his \$75 cash bond was forfeited.

A-B Albert Gilbert, 21, Negro, of Whiteman AFB, charged with disturbance of the peace at Booker's, Pettis and Moniteau, was fined \$25 and sentenced to 30 days in the city jail by Judge Willard Morris. Gilbert pleaded innocent.

He was given a stay on the 30 days jail sentence providing he stayed out of Booker's.

Ralph George Ruff, 316 West Pettis, charged with disturbance of the peace and intoxication, at Pettis and Moniteau, was fined \$15 on the first charge and \$10 on the second, by Judge Willard Morris. Ruff pleaded innocent.

Charles A. Peters, 114 West Second, charged with not having a city license sticker on the windshield of his automobile failed to appear in police court and his \$10 cash bond was forfeited.

Homer Tuter, 404 North Prospect, charged with blocking a sidewalk at Second and Massachusetts, forfeited a \$2 cash bond.

Pvt. Norman Lee Wick, Ft. Leonard Wood, charged with speeding 48 miles per hour in a 30-mile zone, forfeited a \$20 cash bond.

**Quick'n Wonderful One-Dish Dinner**

It takes just 5 minutes preparation time for this hearty, nourishing dinner dish. Here's all you need:

12 slices Holsum Bread  
8 slices American Cheese  
4 eggs  
2 1/2 cups milk  
Salt, pepper, paprika

Here's all you do: Cover bottom of buttered baking dish with 4 slices of fresh Holsum Bread. Stack on 4 slices of cheese, then 4 more slices of bread. Make another layer of remaining cheese, top with remaining bread. Beat eggs and milk, season and pour mixture over bread and cheese. Cover, place in refrigerator an hour or more. Bake in pan of hot water—350° for 40 minutes or until custard is set and bread puffs and browns. Sprinkle with paprika and serve immediately. This delicious dish is literally packed with nutrition. Holsum Bread, enriched with Vitamin B, B<sub>2</sub>, Iron, Calcium and Nicotin, provides an excellent nutritional balance with the rich protein elements contained in the other ingredients.

## Windsor Cage Tournament On Monday

Warrensburg, Warsaw, Fayette Take Starters

The Windsor Independent Basketball Tournament opened last night with a forfeit in the first game, but the skilled playing in the other two games showed that the tournament, which ends Saturday, will really be a hot one. Another three games are scheduled for tonight.

The forfeit went to Warrensburg, 2-0, when Hamm's team, Sedalia, was unable to have a full team on hand to play.

In the second and third games, the Warsaw Lakers defeated Lincoln, 97-64, and the Fayette Lions dumped Windsor ISCO (International Shoe Company) 109-77. The box scores are below.

Tonight the Hottor Plumber's of Sedalia will take on Latour at 6:30. The second game will match Windsor Construction against Clearfield Cheese of Clinton, and the third tussle will be between Trues Tavern, Kansas City, Kan., and Budweiser, of Sedalia.

## LaMonte Cage And V'ball Event Opens

Two basketball teams and two volleyball teams gained semi-finals berths with victories in the opening night of the LaMonte invitational grade school basketball and volleyball tournament Monday evening.

In cage action, Concordia's grade schoolers burst ahead with a fourth quarter rally to grab a 35-31 decision over Green Ridge.

Smith was the high scorer with 16 tallies for Green Ridge, while Stupenhuis led the victors with 14. Houstonia romped on Knob Noster in the second game to mark up a 28-13 rout.

Shireman was the key man for the winners by collecting 15 points, and Galloway and Bullard accounted for four apiece to top Knob Noster.

Volleyball action saw LaMonte's girls leave the Knob Noster females smarting from a smashing 55-8 defeat. LaMonte was led by Rickety with 15 points, and Moore volleyed four for the Knobs.

Green Ridge gave Warsaw a 32-22 whipping in the other volleyball meeting. Ruffin chalked up 11 points for the winners while Flippin and Kennedy scored eight apiece for Warsaw.

Tonight's games will begin at 6 o'clock.

Monday's basketball:

Concordia 7 8 6 14-35  
Green Ridge 8 5 9 9-31

Houstonia 8 13 6 1-28  
Knob Noster 1 4 4 4-13

## John's Auto Supply Takes the Lead In City Tournament

The ninth annual City Bowling Championship got under way last night with John's Auto Supply team of the Classic League taking the lead with 3031 pins. They put together games of 906, 846 and a bulging 1019 scratch for 2771, plus the 260 handicap, giving them 3031.

Anderson Appliance, also of the Classic League jumped into second spot with 3007 pins.

Harry Satterwhite took the lead in the All-Events race with a 608 scratch series, his first of the current season. Jim Taylor and Bill Shockey are very close behind with 602 and 603 respectively.

Other team scores are as follows:

Fowler's Insurance 2937.  
Watkins Htg. & Plumbing 2791.  
Adco Inc. 2878.  
U. S. and Gentles 2822.  
V-Mars Tavern 2933.  
Horman's Meats 2765.  
Miller's High Life 2903.  
Dairy Queen 2678.  
St. Paul Lutheran 2826.  
K.S.I.S. Radio 2822.  
Cutting Room, T&C 2705.  
Packing room, T&C 2776.  
Lasting room T&C 2679.  
Fitting room T&C 2733.

## Seven Years Without Losing

## Danny Hodge Is Compiling Amazing Wrestling Record

NORMAN, Okla., March 4 (AP)—Oklahoma's national champion football team has an amazing record of 40 straight victories, but there is an even more spectacular athletic accomplishment at OU that few know about.

It is being compiled by Danny Hodge, the Sooners' tremendous 177-pound senior wrestler, who hasn't lost a bout in seven years of American style grappling.

That period covers wrestling four years at the Perry, Okla., high school and three years on the varsity at Oklahoma. His college record is 38 straight going into the Big Seven Conference tourney here this weekend.

This year the lightning-fast Hodge has attained his peak, winning all eight of his matches by falls to run his string of pins to 16 consecutive against collegiate opponents. And he doesn't waste any time, polishing off his last six opponents in just nine minutes and 19 seconds.

Hodge was a member of the

## Sixth Tourney Bid Expected For Duquesne

By SHELDON SAKOWITZ  
The Associated Press

Duquesne, a National Invitation Basketball Tournament fixture for the past five seasons, may get another bid this year.

Three berths remain to be filled and the Iron Dukes made a strong pitch for one with an impressive 68-54 victory over Temple in Pittsburgh last night. They avenged a previous 64-60 setback.

The victory gave the Dukes a 16-7 record while Temple, still hopeful of either an NCAA or NIT bid, finished with 17-7.

Long before the game was over, the Duquesne fans were chanting "N-I-T."

Captain Dave Ricketts hit from the outside to lead the Duquesne scoring attack with 21 points. Little Friz Binder chipped in with 20.

Pittsburgh yesterday became the 16th team picked for the 23-entry NCAA major tourney. The Panthers were chosen as an Eastern "at large" selection.

Most of last night's collegiate action involved the Big Ten. Michigan snapped Michigan State's 10-game winning streak with an 81-72 triumph that forced the Spartans to settle for a first-place tie in the Big Ten race.

Indiana gained a share of the title, whipping Illinois 84-76. Ohio State could have made it a three-way tie by defeating Minnesota, but the Buckeyes bowed 76-69 to finish in a third-place tie with the Gophers.

Michigan State will represent the Big Ten in NCAA postseason play as Indiana was the league champion as recently as 1954. Ohio State is on probation and ineligible.

In other Big Ten games Purdue downed the 1955 and '56 champions, Iowa, 72-63, and Wisconsin moved out of the cellar with an 82-69 trouncing of Northwestern's Wildcats, who fell into last place.

Referee Bob Ingham had it 46-43 for Akins, while Judge Howard Hess and Judge Fred Connell scored it 49-43 and 47-43, respectively, for Akins.

When they clinched Akins usually got the better of it.

Akins best round was number eight. Stunned the round before by a cut over his right eye, Akins rushed from his corner at the bell and pounded the German viciously, cutting his right eye and doing further facial damage.

Despite his bad right round, Suzuzina managed a mild rally in round nine. But he fought the last stanza rubber-legged, his strength ebbed.

Referee Bob Ingham had it 46-43 for Akins, while Judge Howard Hess and Judge Fred Connell scored it 49-43 and 47-43, respectively, for Akins.

Hank Aaron of the Milwaukee Braves is the second youngest player to win the National League batting title. Brooklyn's Pete Rieser was one month, 14 days younger when he won the title at age 22.

## 'Bums' Hope Newcombe's Arm Is Well

By THE ASSOCIATED PRESS

The entire Brooklyn Dodgers camp at Vero Beach, Fla., was holding its collective breath today wondering just how badly ace pitcher Don Newcombe had injured his arm.

The lowering 27-game winner twisted his elbow making a hurried throw to second base during pickoff practice yesterday. Ten minutes later he abruptly left the mound because, he said, the arm was bothering him.

"He will have to rest and take heat treatments," said Harold (Doc) Wendler, Brooklyn trainer. "There's no way of telling how long he will be out. We'll have to wait and see how much it tightens up. It could mean trouble though."

Newcombe, named the Most Valuable Player of the National League last year, said he wasn't worried.

"I felt a twinge and quit," he commented. "Certainly it's nothing like it was last September."

He was referring to an injury at the end of the '56 season. He subsequently was knocked out of the box in two starts against the New York Yankees in the World Series.

Meanwhile, interesting guessing games were developing at three other camps.

1. At Bradenton, Fla., everyone was wondering who would get the left field berth with the Milwaukee Braves.

"They say we have seven left fielders," complained Manager Fred Haney. "I prefer to say we have 12 outfielders. We try to find the best man for each position."

2. At St. Petersburg, Fla., the St. Louis Cardinals are wondering who would get the center field post. Rookies Bobby Gene Smith and Church Harmon were battling Bobby Del Greco for the spot.

3. At the New York Yankees' camp, across town in St. Petersburg, the club was watching Casey Stengel's latest lineup gyrations closely.

He planned to start Moose Skowron at third base in an intrasquad game today and assign Marv Throneberry to the latter's first base post.

## Lead in Poll Is Offset By Major Gains

By BEN OLAN  
The Associated Press

The North Carolina Tar Heels, who last Friday night ended an unbeaten 24-game regular basketball season, today maintained a commanding lead in the Associated Press' weekly poll, but Michigan State and Oklahoma City made the largest gains.

The Tar Heels collected 55 first-place votes and 711 points in the next

## Louis Pasteur Received 'Mediocre' Chemistry Grade

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That it takes the conscientious efforts of 2,400,000 dairy cattle, manufacturing around the clock, to supply the cream used each day by American coffee drinkers.

That some of the major turn-pikes, hoping to cut down accidents, have installed coin vending machines that dispense fatigue-relieving oxygen to weary motorists.

That practically nobody today remembers the name of the university professor who gave a final grade of "mediocre" in chemistry to Louis Pasteur who developed shots to prevent rabies, saved the wine industry of France after a devastating grape blight, and made milk safe. No telling what Pasteur might have accomplished if he'd only studied harder.

That Jean Baptiste Lully, the father of orchestra conducting, gave his life to his art in a curious way. At 54 he died of an infection caused by his habit of pounding his little toe with a heavy staff he used in conducting. After that came the baton.

### LODGE NOTICES

I.O.O.F., Neapolis lodge No. 153, meets every Tuesday at 7:30 p. m. March 5th regular lodge. Visitors welcome. J. Buckley, N. G., F. Reams, F. S.

Regular meeting, Sedalia Lodge No. 125 BPOE, Wednesday, 8 p. m. Nomination for officers for coming year. All Elks welcome. G. R. Moore, Exalted Ruler, H. M. Brown, Secretary.

Loyal Order of Moose regular meeting the first and third Tuesdays of each month at 8 p. m. Cecil Curtis, Governor. All members are urged to attend.

Veterans of Foreign Wars, Post No. 5741 regular meetings 1st and 3rd Tuesdays at 7:30 p. m., at 1144 East Third. Charles A. Mulcahey, Commander, Chester M. Kelly, Adjutant.

St. Omer Commandery No. 11, Knights Templar will meet in stated convocation Tuesday evening, March 5, 1957, at 7:30 o'clock followed with work in the Order of the Red Cross. All Sir Knights welcome. J. H. Gwinn, Commander, W. L. Reed, Recorder.

Sedalia Assembly No. 23, Social Order of the Beauceant will meet in regular session on Tuesday afternoon, March 5, 1957, at the Masonic Temple at 2 o'clock. Visiting members welcome. Oyster stew and vegetable soup supper in the dining room with serving starting at 5 o'clock. Mrs. B. B. Bess, President, Mrs. William L. Reed, Recorder.

Regular meeting and Family Night at Sedalia Scottish Rite Club on Thursday, March 7, American Legion hall, 1144 East Fifth. Bring all the family and a well filled basket of food for a potluck supper at 6:30 p. m. Bring own service. Entertainment.

Bert E. Heacock, Pres., W. L. Matthews, Sec'y.

Sedalia Chapter, Order of DeMolay will meet in regular session Wednesday, March 6th at 7:30 p. m. at the Masonic Temple. All members please be present. Refreshments will be served by the Mothers' Club following the meeting. Wayne Brown, M. C., Lorne Sutherland, Scribe.

That, when a scalp hair falls out, it ordinarily takes the follicle about four months to sprout a new hair.

That Bill Skowron, the ball player, can swing a bat at a speed of 120 miles an hour.

That Kyoto, for nearly 1,000 years the old capital of Japan, has more than 3,000 Buddhist and Shinto shrines.

That the Japanese put up a monument to commemorate the fact Thomas A. Edison used bamboo in making a filament for his first electric light bulb.

The most New York City cab companies don't buy tires, they rent them.

That it isn't true the northern lights are caused by the reflection on moonlight or sunlight on icebergs, as some people believe. The lights are the glow that results when atoms of rarefied gases in the upper atmosphere unite again after being split apart by electrically charged particles shot out from the fierce solar storms known as sunspots—my explanation of the Aurora Borealis.

That a Canadian medical journal offers this simple advice to white collar men who want to avoid a heart attack: Eat less, and keep moving!

That some statisticians have figured total government costs in the United States since 1789 now are nearing the trillion-dollar mark—and 82 per cent has been racked up since 1940.

That Robert Q. Lewis wonders if everyone has heard about the Texas millionaire who put in well-to-do carpeting.

That comedians Bud Abbott and Lou Costello have a claim to fame unmatched by many matinee idols. They made 17 films in a row, and none lost money.

That civilization has produced a new frustration psychosis among our feathered friends, the woodpeckers. They are getting sore-beaked drilling for worms in aluminum TV antennas, which they mistake for a new kind of dead tree.

That some mink farmers, now that horse meat is getting scarcer, are feeding whale meat to their little future fur coats.

That in 1900 it took four to six months to tan leather, a process that can now be done chemically in eight hours. The tanning of children, however, is still done largely by hand, although it has become in America an all-but-forgotten art.

That opera star Elaine Malbin tells of the promising young rock 'n' roll singer whose career was ruined—the kids discovered his sideburns were false.

That it was George Bernard Shaw who said, "The test of a man's or woman's breeding is how they behave in a quarrel."

### WAFB Fire Chief To Memphis Meeting Of Fire Instructors

C. L. McMackin, fire chief at Whiteman Air Force Base, attended the 29th annual Fire Department Instructors Conference in Memphis, Tenn., last week.

Over 2,000 fire chiefs from 39 states, Canada, Mexico, Columbia and the Canal Zone were present at the conference, sponsored by the Fire Department of the Western Actuarial Bureau of Chicago and the Memphis City Fire Department. Twenty-six fire chiefs and fire prevention engineers from Air Force installations attended the conference.

Object of the conference is to provide an opportunity for leaders in fire department training to exchange ideas and experiences and to keep abreast of latest developments in various training programs and modern firemanship.

Last year, Whiteman was in the first 20 per cent of 123 base entries in the world-wide National Fire Prevention Week Contest held Oct. 9 to 16.

A WINNER—Selma Forbes Piche Maid was judged champion female under two years at the Pan-American Livestock Show and National Regional Holstein Show at Dallas, Tex., recently. The champion was born and bred at the Paul Selken Farms, Smithton, and is now owned by the Neale Farms, Waco, Tex.

## Network Gives TV Education Small Boost

By CHARLES MERCER

NEW YORK (AP)—The financially poor and most worthy relative of commercial television is educational television.

There are at present 25 non-commercial educational stations in the country offering a variety of intellectually solid fare to a potential audience of about nine million. The majority offer superior educational programming on incredibly small budgets.

The average annual budget of an educational TV station is estimated at \$400,000—which it must raise from grants or private subscriptions or the state legislature.

Exactly what that figure means can be visualized when it is recalled that the recent 90-minute commercial production of "Mayerling" cost more than half a million dollars.

Now a commercial TV network, NBC, is giving the educational stations a small but definite boost. Beginning March 13 all 25 educational stations will carry the first of five series of programs produced especially for them by NBC.

The Educational Television and Radio Center at Ann Arbor, Mich., which has received funds from the Ford Foundation, is supplying the local loops to connect the educational stations with NBC network lines. The first series will be concerned with mathematics. Other programs will take up American literature, American government, music and world geography.

Edward Stanley, NBC manager of public service programs, says that "We have not thought of the matter in commercial terms. We are not being patronizing and we are not trying to use the educational stations as guinea pigs. We are quite sincerely wishing to lift the educational stations off the ground a bit."

Stanley pointed out that small surveys have tentatively shown that children retain a greater percentage of what they are taught through television than through ordinary methods.

David Lowe, over-all producer of the network's educational project, said that "We are not going to teach in the sense of holding classrooms. We're trying to shoot at the level of the last two years of high school and the first two of college in the programs."

"In mathematics, for example, it's not proposed to give a complete outline course. Our hope, rather, is to stimulate interest in the subject so that afterwards people will pick up books on mathematics and pursue it further."

Blue Ambulance, Ph. 175.

### Famous Surgeon Dies

ST. LOUIS (AP)—Dr. Everts A. Graham, famous internationally for his work on lung cancer, died yesterday of lung cancer.

The 73-year-old surgeon had retired in 1951 but continued his research work. It was not determined until six weeks ago that he had lung cancer.

Dr. Graham insisted there is a link between it and cigarette smoking. He himself had smoked cigarettes, but almost none in the past 10 years.

He gained widespread fame in the 1920s for his use of X-ray photographs in the study of gall bladder diseases. In 1933 he became the first surgeon to remove an entire human lung successfully.

### Polio Patient Has 6-Hour Fight With Iron Lungs

MEMPHIS, Tenn. (AP)—Robert Thorne, 24-year-old polio patient, can live only 15 minutes without his iron lung.

It failed yesterday, touching off a desperate, six-hour fight by emergency crews to save his life. They won.

Thorne, in the lung at his home, complained to his wife at 2 p. m. he couldn't breathe. She telephoned the Fire Department.

Firemen found the lung operated okay by hand and began pumping in relays. An ambulance was summoned.

When the iron lung wouldn't fit in the ambulance, a truck was commandeered. Too small, a radio car sped to a nearby storage company and returned with a huge moving van.

The van, with Thorne and the lung aboard, raced to the hospital under police escort.

But at the hospital, more trouble. The first lung Thorne was transferred to leaked. A second lung developed trouble shortly after Thorne was placed inside and he had to be returned to his own lung while a third machine was brought over from another hospital.

When the new lung arrived, the rubber seals had to be replaced around the port holes before it would work properly.

Finally, at 8 p. m. Thorne relaxed in the newly arrived lung.

NEAR everything in the heart of Kansas City every room air conditioned the year around, with free radio and running ice water—all at no extra charge!

Blue Ambulance, Ph. 175.

## Best Paying, Hardest Role Is Commercial

By BOB THOMAS

HOLLYWOOD (AP)—Want to know Carroll Baker's toughest and best-paying role?

No, students, it wasn't "Giant" or "Baby Doll." It was a cigarette commercial for TV.

She confessed as much during a whirlwind trip to Hollywood, her first since becoming a star and Academy Award nominee. She was here to pick up another award—from the foreign press correspondents.

About the TV commercial—she made it in the not-so-distant past when she was happy to get any kind of acting work.

"It was the hardest work I ever had to do," she commented. "I don't smoke, you see, and I had to appear that I was really enjoying the cigarette when I was really getting sick from it."

The ad was for a filter cigarette, but she was given a couple of cartons of the firm's strong, unfiltered cigarettes to practice on.

"I practiced for a week," she said. "It was very difficult, because my hand had to be in just the right place and I had to do every movement precisely. It took 10 hours to shoot the commercial and I was absolutely ill at the end of it."

But there was a silver lining to the smog. Every time the ad is played, she collects \$50, and it's still being seen on TV. The one-day chore brought her more money than her months on the two Warner films that made her famous, she said.

How come? Studios are shrewd in such matters. Before handing a newcomer a star-making role, they aim to tie the performer down to a "reasonable" contract.

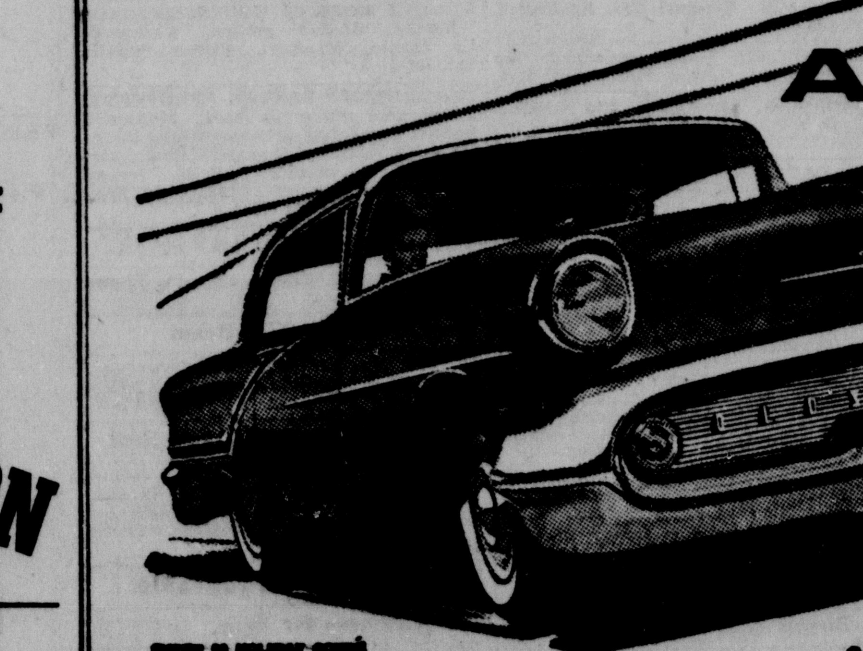

"We had it around for a long time," she admitted, "but we finally settled by my giving the studio three pictures for 'Giant' and three for 'Baby Doll.' I'll do one a year for six years for their price. But I'll be able to make up some money by doing one outside picture a year. And there's always television."

### Repeats Famous Ride

PHILADELPHIA (AP)—Cowboy Tex Traylor arrived yesterday after a 350-mile horseback ride from Boston to duplicate a similar performance by Paul Revere.

Paul rode alone. Traylor was accompanied by a blacksmith, a groom, six extra horses, two horse van drivers, a television camera man, a publicity man, three "errand" girls and his wife Cindy.

## Abandons Bill To Legalize Races, Betting

JEFFERSON CITY (AP)—The Missouri House abandoned a bill yesterday that would have legalized horse racing and at-track betting in this state.

The measure had been reposing unattended on the house calendar for 12 days, two days more than the limit, so the House just crossed it off.

Its author, Rep. Anthony M. Pickrell (D) of Jackson County, wasn't in the House chamber at the time.

There is another horse race and betting bill pending in the House and in the Senate there is a one to legalize dog races and pari-mutuel betting at the track.

The one disposed of the two still alive all would allocate state revenues from racing to welfare programs of public school aid.

House advanced a bill to establish a commission for the aged, to study the problems confronting the growing number of Missourians over 65 and suggest ways to provide them with more employment, supply them with medical aid and assure them more comfort and security in their last days.

Rep. Arthur D. Smith (D) of Jasper County offered a proposed change in the Constitution to increase, from 3 cents to 7 cents on the \$100 assessed valuation, the maximum levy for aid to the blind.

"Old at 40, 50, 60?" Man, Get Wise! Pep Up

Thousands are peppy at 70! So if you feel weak, low in energy, "old" at 40, 50 or 60, quit blaming it on age. If you want to feel younger try new, improved Ostron Tonic Tablets at once. For debility due to rundown body's lack of iron and Vitamin B<sub>12</sub>, the "below-par" feelings you may call "being old." Put pep in both sexes. Try Ostron to feel peppy, years younger. 3-day "get-acquainted" size only 69¢. Or get Economy size, save \$1.67. All druggists.

### Civil War Veteran Undergoes Surgery

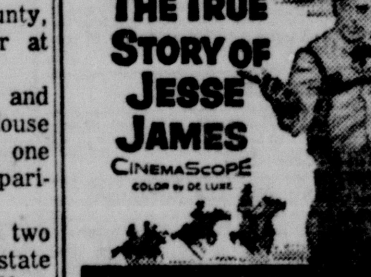

PENSACOLA, Fla. (AP)—Doctors hope one of the last three Confederate veterans will be able to return home about the end of the week after "minor surgery" yesterday.

An attending physician said that William A. Lundy, 109, was in "amazingly excellent condition for his age."

The doctor said Lundy's ailment was an infection of the prostate gland for which "conservative treatment" had been prescribed. The state after the operation at a Pensacola hospital said no trace of cancer was found although

## Light Meter Gets Unexpected Results

**TAMPA, Fla.**—The city's new light meter, used to determine if there is enough visibility in bars, is getting some unexpected results.  
Detective Charles J. Carreno reported that when he and his partner took the meter into a bar three customers rushed out after one said to the others:

## Young Doctor Diagnosed Own Fatal Disease

**OKLAHOMA CITY**—A courageous young doctor who was the first to diagnose the leukemia which caused his death a year ago today has left a spoken heritage for his children.  
Nine tape recordings made by Dr. Loyd Judd Jr. during periods when he seemed to be recovering from the disease were released yesterday. They were directed to his children Jacquie Ann, 9, and Loyd III, 5.  
They cover subjects ranging from safe driving — "There have been more people killed driving cars than in all the wars of man" — to his chosen profession — "If you place personal problems ahead of the life of your patient, get out of medicine; it has no place for you, or you for it."  
Judd awoke one April morning in 1955 with puffy gums and swollen salivary glands. The next day he ran a blood test at the clinic he and Dr. John G. Rollins shared in Prague, a small town in central Oklahoma. The test showed leukemia.

## Sweet, Sour Are Blended For Miners

**By SAM DAWSON**  
**NEW YORK**—On April 1 the soft coal mines will start paying miners 80 cents more a day. At the same time the mines in the South will raise the price of coal 25 cents a ton and those in the North may take like action.  
The cost of living—as measured by the government's consumer price index—has just risen to another new record high. Automatically about 1 1/2 million workers got a raise in hourly wage scales.  
The sweet and the sour are closely blended in these two news items. A fatter pay envelope is a thing of joy. Higher monthly bills aren't.

There's nothing unique about these two news items either. The Labor Department reports that existing labor contracts call for five million workers to get pay increases this year. Other contracts are up for negotiation this year. President Eisenhower has urged that both management and labor use voluntary restraint in the matter of seeking higher wages and raising prices. His plea set off again a debate as to what causes the rise in the cost of living. Is it the steady climb in wage scales, as management contends? Or is it a drive to fatten corporate profits, as labor claims?

The First National City Bank of New York, in its March letter, points out that this debate always crops up during periods of upward price pressures.  
The U.S. Department of Commerce, in its national income series, reports that in the manufacturing industries total compensation of employees including fringe benefits rose from 44 1/2 billion dollars in 1947 to more than 83 billion in 1956. Corporate income taxes in these industries rose from 6 1/2 billion dollars in 1947 to more than 12 billion in 1956. Profits after taxes in the manufacturing industries rose from 10 billion dollars in 1947 to around 12 billion in 1956. Wage and tax totals almost doubled. Profits didn't.

The bank says this shows "that industry, instead of fattening its profit margins," has been fighting a constant battle against rising costs.  
Labor leaders have other yardsticks to measure what has been happening and doubtless won't buy the bank's argument.

## Five More Bodies Recovered in Crash Of Plane in Korea

**SEOUL**—Five more bodies were recovered from the wreckage of a C124 Globemaster which crashed in the Han River Feb. 22 were identified today.  
To date 12 of the 16 bodies recovered have been identified. Six others of the 159 Americans aboard the plane are missing and presumed dead.  
The U. S. 8th army said the newly identified included Sgt. Ralph E. Myers, Lebanon, Mo.  
The men were on a flight from Seoul to Tokyo. The plane developed engine trouble and crashed into a sandbar in the Han five minutes after takeoff.

## Diplomat Says Surplus Sale Is Dangerous

WASHINGTON (AP)—David K. E. Bruce, ambassador-designate to West Germany, says the program for sale of surplus U.S. farm commodities to foreign countries is "potentially dangerous" to normal trade and should be re-examined.

In a report published today by the Senate Foreign Relations Committee, Bruce called the disposal

program "a double-edged weapon" of foreign aid. The report, on foreign aid operations in South America, is one of a series ordered by the committee.

President Eisenhower's appointment of Bruce, a Democrat, already has drawn some Republican protests.

His comments on the surplus disposal program may add to the controversy over his selection. Sen. Aiken (R-Vt.), a member of both the Foreign Relations and Agriculture committees, has labeled the report as "weak."

Aiken said in an interview that while Bruce made no specific

recommendations for abandoning the agricultural surplus disposal program "his report reads like he wants to kill it."

"I'm one who thinks this program is worth all it costs us and is less expensive than piling up unmanageable farm surpluses at home," Aiken declared.

Under the program, the United States sells farm surpluses for local currencies and then loans or gives the major part of these receipts to the local governments for economic or military projects.

### G. R. WMS Has Meet at Ward Home

Mrs. Victor Ward was hostess to the members of the WMS of Green Ridge Baptist Church, at her home. Mrs. George Spickert conducted a business session. Roll call was answered by "Something I Am Thankful For."

The program, "Like a Watered Garden", was in charge of Mrs. George Chaney. It was centered around the YWA 50th year celebration. Mrs. Charles Moore read the YWA dedication and Mrs. Victor Ward and Mrs. W. F. Hollenbeck acted as readers. In presenting the "Golden Heritage", program, Mrs. Chaney was assisted by Mrs. Frank McKay and Miss Barbara McKay. Mrs. Spickert and Mrs. Purchase.

The closing topic, "The Golden Outlook" was given by Miss Nellie Jones.

The March meeting will be held at the home of Mrs. Ethel Sims.

### GA's and RA's Attend Meet at Warrensburg

Twenty-five members of the Girls' Auxiliary and Royal Ambassadors of the Knob Noster Baptist Church and their sponsors attended a banquet and program at the Central Missouri State College in Warrensburg Tuesday evening.

The Rev. Dr. Lloyd Corder, Atlanta, Ga., was principal speaker and spoke on "Home Missions." Dr. Corder is a ventriloquist and "Joe The Baptist" is his dummy.

About 300 attended from the Baptist Churches in Johnson Co.

### Three Cities Represented At Meet Here

A number of guests from Jefferson City, Columbia, and Fulton attended the monthly meeting held by the Sedalia Association of Life Underwriters at the Pacific Cafe last Friday. Martin Lehman, New England Mutual Life Insurance Co. Kansas City, was the principal speaker.

Lehman spoke in a group of life insurance agents, supervisors, and district managers on the subject, "If I Can Do It, You Can, Too". Being one of the top producers in New England Mutual, Lehman pointed out that among all the attributes most important to a man in the life insurance business, who is performing a professional job for humanity, is a proper mental attitude. He pointed up the fact that life insurance agents should constantly have the welfare of his clients at heart before thinking of any personal gain for themselves. Only a man with the confirmed belief in Christian ideals will ever make a successful insurance counselor.

Tom Steidle, president of the organization, had charge of the meeting. Bill Hopkins, vice-president and program chairman, introduced Abe Silverman, local representative for New England Mutual, who in turn presented his colleague to the group.

Those in attendance included Mrs. Martin Lehman and Mrs. Abe Silverman, special guests; W. W. Barbee and Harry Fantz, Clinton; Ross Fantz, Warrensburg, out of town members of the Life Underwriters; Marjorie Garanson, Duane McMullen, John Handley, Jim Green, Myron Rodgers, E. L. McClung, Jack Rogers, A. H. Wilks, Virgil Ragar, James T. Denney, Harold Silberstein, William L. Reed, Charles W. Halbrook, Hopkins, Steidle and Silverman, all local members of the organization.

Other guests included Odell Hilburn, Sedalia; J. E. Miller, Clarence Meyer, Kenneth Payne, Don L. Simms, Ray Brandt, Jim Werner, and W. H. Hossfeld, Jefferson City; E. W. Bybee, G. B. Propp, Don R. King, and Bob Dinwiddie, Columbia; and Robert W. Terrill, Fulton.

#### Foot Locker

CHARLESTON, W. Va. (AP) — Robert Lee Gunnoe Jr., 4-year-old son of a Charleston detective, "Footcuffed" himself by locking his father's handcuffs around his ankles.

Gunnoe decided the case could wait until he got through work so young Robert hobbled around all day, unable to put on his pants.

"He was certainly happy when I unlocked the cuffs," said Gunnoe. "Bet he doesn't try that again."

"It's even better than 'sweet-mash' bourbon"...

"Even smoother than 'sour-mash' bourbon"

The one and only **mellow-mash** bourbon

**Yellowstone**

Always one step mellow! The reason? Yellowstone's exclusive mellow-mash process draws off only the lightest, most desirable whiskey vapors in the still—leaves the "heavy" parts behind.

That's why Yellowstone is even finer than sweet-mash bourbon—even smoother than sour-mash

bourbon—so remarkably free of bite.

Yes... mellow-mash Yellowstone takes more grain, more time, more money—but it gives you full bourbon flavor with truly light body.

Once you taste Yellowstone, you'll know why it's been a favorite for 85 years... why it's called "the greatest American whiskey!"

**The "No-Bite" Bourbon...**
